

Pope Condemns Soviet Russia At Consistory

Head of Roman Catholic Church Urges Aid for Poor Russians

PRAISES U. S. CONCLAVE

Disagreement with Reds Must Not Affect Charity, Pius Warns

Rome—Strong condemnation of the Russian Soviet government was voiced in Pope Pius' allocution, delivered at the secret consistory Thursday. The holy father also took occasion to praise the congress of Holy Name societies recently held in Washington, which culminated in an address by President Coolidge declaring religious freedom and toleration of fundamental laws of the United States.

With regard to Russia the Pope after speaking of the return of the pontifical relief mission from that country and praising its work, added: "We have decided to continue as much as possible to help needy Russians whether living at home or abroad. Nobody certainly can have thought that we, by creating the work of relief for the Russian people, have intended in any way to favor a system of government which we are so far from approving."

RELIEF SUFFERING

"Indeed, we, after having for a long time with all our heart and with our forces, tried to relieve the immense sufferings of that people, believe it is our duty to love peace, the sanctity of family and human dignity, to make every effort to fight the very grave dangers and certain injuries coming from Socialism and Communism."

"This however, must not affect our dutiful solicitude in alleviating the conditions of the workers and all humble people in general."

The consistory was that preceding the celebration of Holy year and no cardinals were created, the meeting being chiefly intended for the appointment of legates for the opening of Holy Doors on Dec. 24, simultaneously with the opening of the one in St. Peter's.

All the cardinals living in Rome were present at the consistory. The Pope delivered his allocution to the sacred college after all the high prelates, patriarchs, archbishops, bishops and Vatican officials had left the consistorial hall.

DRY AGENTS SHOT MAN WHO REFUSED TO PAY, SON SAYS

Members of Prohibition Squads Will Be Confronted with Youth

By Associated Press

Chicago—Charges by Cole Finch that his father, Homer Finch, a hotel keeper, was shot to death a week ago by three federal prohibition agents because he failed to pay them a bribe when they found him selling alcohol wholesale, were being investigated by federal and state authorities Thursday.

Young Finch said he was an eye witness to the killing which occurred in a saloon. He said he and his father had been engaged in redistilling denatured alcohol and his father had been caught by prohibition agents with four drums of the redistilled product. They held him prisoner for a day and demanded \$5,000, he told assistant state attorneys.

His father was released when he promised to raise \$1,000 as a first payment, to be brought to a rendezvous the next day, his story went. His father did not go. The following day three men wearing government badges came into the saloon and, reproaching Finch began drink. Young Finch said. He and two other occupants of the saloon at the time were not molested.

Members of the prohibition squads will be brought before young Finch in an attempt to identify the slayers, prosecutors said.

SIFT BRIBERY OF SENATE EMPLOYE

Department of Justice Investigates Charge Man Used Influence for Cash

Washington, D. C.—The department of justice has begun an investigation into charges that an employee of a senate committee has accepted money to use his influence in aid in the passage of legislation.

Attorney General Stone announced that it had been revealed that money actually had passed, but he declined to indicate the legislation concerned or to identify the employee suspected.

Some senators were reported at the capital as having expressed the belief that the president should be advised of the alleged bribery and the belief prevailed in some quarters that this had taken place and that Mr. Coolidge had called it to the attention of the attorney general. Mr. Stone has had several conferences with the president in the last 24 hours and each of them he explained were in relation to "unexpected developments."

EBERT RETURNS TO MARX AFTER STRESEMANN FAILS

Berlin—President Ebert Thursday consulted again with Chancellor Marx and authorized him to make a thorough and final survey of the parliamentary situation in a last attempt to form a ministry which would command the necessary majority in the Reichstag. The summary followed the failure of Foreign Minister Stresemann, leader of the German People's Party, to construct a straight non-Socialist cabinet.

HAIRCUTTING PARTY BRINGS EXPULSIONS TO UPPER CLASSMEN

Oxford, Miss.—Haircutting is an expellable offense at the University of Mississippi. Following the expulsion Wednesday of ten upperclassmen for participation in a hair cutting party Tuesday night when freshmen were the victims, officials of the institution headed by Dr. Alfred Hume, chancellor, were making further investigations which threatened to involve still other upper classmen in the affair.

Seventy-five freshmen were shorn of their locks at the Tuesday night party, in violation of an anti-hazing ban enacted at the institution several years ago. A number of other freshmen avoided the shears by fleeing to the woods or leaving early for their Christmas vacations.

MERCURY DROP WILL PREVENT SLEET DAMAGE

Ice-laden Wires Are Holding Thus Far, Reports Show—Cold Is Predicted

Sleet which appeared overnight in Appleton and vicinity caused some anxiety to telephone, telegraph and electric companies but developments during the day have shown there is little cause for alarm. The temperature rose several degrees but colder weather was predicted for tonight, which will end the possibility of breaking wires.

A large portion of Wisconsin was coated with sleet which the state weather man saw fit to give the state instead of the snowstorm and subzero weather which were sweeping over other sections. The prediction for descent of the thermometer to zero. The southeast portion of Wisconsin is promised a snowstorm and temperature of perhaps five degrees below zero.

Temperatures reported at St. Paul averaged 2 degrees below zero and those at Milwaukee ranged from 18 to 24 degrees above. Winnipeg, Canada, was the coldest place, with the thermometer at 15 to 16 below.

The western cold wave has spent much of its strength and probably will not be felt here to any extent.

Reports reaching J. T. Quinlan, district manager of Wisconsin Telephone company, indicated that no damage had been caused to wires thus far by the sleet. The worst situation prevails in a radius of 40 miles north and west of Milwaukee, where there is one-fourth to one-half inch of ice on wires. Fort Washington and other lake shore territory may be the seat of trouble. If any. It was felt that slightly colder weather would relieve the entire situation.

Electric lines of Wisconsin Traction Light, Heat and Power Co. also were free from damage up to noon.

BLOODY WOOD CLEW IN ROGERS' DEATH

New Haven, Conn.—A place of wood, apparently bloodstained, was described Thursday it is understood, at the secret inquiry into the death of Charles C. Rogers, bond salesman, who was killed while running with Miss Marjorie Schneider after they had been together on Nov. 1.

Samuel W. Tatam, brother-in-law of Miss Schneider, told the grand jurors of North Haven, it is stated, that he found the wood near the place where the car was halted when Rogers' injury was discovered.

The grand jurors plan to inspect Miss Schneider's car in which Rogers' skull was fractured.

"Riff Raff" Want Wine, Beer, Minister Claims

Milwaukee—Near Year's eve will mark the climax of the open warfare which has been waged between the wet and dry forces in this city for the last few days. It was indicated Wednesday night. At the stroke of midnight, Dr. J. J. Seelman, head of the Wisconsin division, Association Against the Prohibition Amendment, will escort the Rev. G. Kenneth MacInnis, representative of the Anti-Saloon league, on a tour of the clubs of this city to determine whether prohibition has been a failure or a success in Milwaukee.

Prior to the tour of the city, the Rev. MacInnis will open the pulpit of his church to a representative of the Wisconsin Wet association for a debate on prohibition, he announced.

The controversy in Milwaukee was precipitated by the Rev. MacInnis who in a public statement said that only the "riff raff of society" desired a return of beer and wine.

Whereupon Dr. Seelman, representative of the wet, announced he was proud to be included in the "riff raff of society," as he had distinguished company. Dr. Seelman is one of the leading physicians in the city. Dr. Seelman invited the Rev. MacInnis to make a tour of the city with him. New Year's eve to meet the "riff raff of society" and meet his "friends in a merry mood." The clergyman accepted.

The pastor declared Wednesday night that some of his parishioners had objected to his tour of the city fearing that he might receive bodily harm and had suggested that he carry two armed guards with him.

The Rev. MacInnis declared that he will ask permission from Mayor Hovm to carry a gun with him during the tour of inspection and that if the mayor grants his request, he will not need the armed guards.

PARIS GROPPES THROUGH "PEA SOUP" FOG WORSE THAN LONDON VARIETY

Paris—The French capital Wednesday evening was drowned in a pea soup fog equal to the London variety and on an intensity never experienced here before.

The prefect ordered out all available policemen, posting them at street corners to guide the automobiles, whose drivers groped along uncertainly. The motorists were permitted to use the full power of their headlights and were told to sound their horns and sirens frequently but these expedients had little effect beyond blinding and deafening those on foot.

Southampton—The liner Olympic, prevented from sailing Wednesday by the fog which held up shipping generally, left early Thursday morning with 11,174 bags of Christmas mail and a passenger list.

Among those aboard, are Lord and Lady Cecil Mm. Gaudi-Curel, and ten-year old Jack Rosenbaum, going home unaccompanied from school in England, this being his twenty-first crossing of the Atlantic.

WOMAN SLAIN IN MILWAUKEE; HOLD MAN AS SUSPECT

Radio Salesman Caught Leaving Apartment in Which Murder Occurred

Milwaukee—Mrs. Vera T. Rosshard, 35 years old, wife of Royal Rosshard, department manager of an insurance company here, was killed in her home Wednesday by a person who strangled her, stabbed her to death with a butcher knife and then slit her throat.

Wendell Hoover, being held by the police in connection with crime, he was arrested when police were called to the apartment house in which the Rosshards live. According to the police he was in the building and fled when they arrived, only to be caught when he slipped and fell almost in path of an automobile.

An all night questioning by the police failed to shake Hoover's story. He told the police he had gone to the Rosshard home to sell a radio set, having them listed as a prospect. He went to the apartment by the rear entrance and found the woman's body lying on the kitchen floor. He declared he did not touch the body, but left as soon as he could, not wanting to be found in the apartment. Some spots were found on his coat and shirt. He said he had a bowl which had been opened.

The police who arrested Hoover say someone was in the Rosshard apartment when they arrived and left when the rear door, which was locked when they arrived, was forced.

SENATE CONSIDERS DRY FORCE UNION

Sub Committee Takes Up Cramton Bill at Request of Alcohol Users

Washington, D. C.—At the request of industrial alcohol users the Cramton bill to unite all prohibition work under one bureau again was taken up Thursday by a senate judiciary subcommittee. Representative Cramton, Republican of Michigan, author of the bill which was passed last session by the house, reviewed the history of the proposed legislation. The senate committee last session reported the measure favorably.

Mr. Cramton declared there was a diversion of 6,000,000 gallons of alcohol last year to illegitimate purposes. The present system whereby the internal revenue bureau has authority over prohibition work, he insisted, slows up the work and leaves the way open for "leakage." Secretary Mellon favored the bill because he felt the internal revenue and its hands full with tax law administration.

M'CORMICK DENIES RUMORS OF DIVORCE

Chicago—Harold F. McCormick, miniature manufacturer, has denied that he and his wife, Genna Walski, contemplate a divorce, have one underway, or have been divorced.

Various rumors, he said, that such action was intended or had been taken, were untrue.

ELKS RENDER LAST HONOR TO GOMPERS

Fifteen Hundred Persons, Unable to Enter Lodge, Listen in on Radio

New York—Impressive funeral services were held Thursday for Samuel Gompers at the Elks club after which the body was taken by automobile to Tarrytown for interment in historic Sleep Hollow cemetery.

The great assembly hall of New York Lodge No. 1, draped in the mourning purple of the order, was crowded to capacity with coworkers and friends of the late president of the American Federation of Labor. In the throng were men high in the state and city.

Fifteen hundred persons unable to gain admittance into the hall assembled in the town hall, across the street and heard the services by radio. Other thousands stood reverently in nearby streets, held in line by details of police.

Officers of the lodge headed by Sol Tekelsky, the exalted ruler, marched into the hall and conducted the ceremony of the fraternity. Each officer wore a carnation, the badge of mourning.

RANSOM T. PUFFER, VETERAN MILITARY MAN, IS DEAD

Ransom Thomas Puffer, 74, died Wednesday morning at his home at 431 E. 1st. He was born in Oswego, N. Y., on May 27, 1850 and came to Appleton about 60 years ago. He was one of the first members of the old Appleton Light Infantry company. Mr. Puffer is survived by his widow, two sons, Alvin and Walter L. Appleton, two daughters, Mrs. A. E. Thompson, Grand Junction, Col., and Mrs. R. J. Barnaby, L'Anse-au-Loup, and three grandchildren. The funeral will take place at 10 o'clock Saturday morning at the home, with the Rev. E. M. Sautter conducting the services. Burial will be in River-side cemetery.

KEOKUK SENDS TRUCK TO FIGHT CARTHAGE BLAZE

Keokuk, Ia.—One truck of the Keokuk fire department answered a call from Carthage, Ill., about 8:30 o'clock Thursday morning. The report said that the Masonic building on the east side of the square was blazing, and the Carthage fire department was having some difficulty in confining the fire to one building, owing to the shortage of water.

The Hotel Cutler the Dime Savings bank and the postoffice are the important buildings in the block which is burning.

Washington Alarmed At Agitation Over U. S.-Jap Relations

Thief Loots Mayor of Duluth in New Orleans

By Associated Press

New Orleans, La.—Mayor S. F. Suley of Duluth, Minn., a visitor in New Orleans, reported to the police Wednesday night he had been the victim of a pickpocket. The mayor told police after alighting from a crowded streetcar he discovered that a bill fold containing eight \$20 and six \$10 travelers' checks had been taken from his pocket.

WOMAN'S TONGUE WINS IN FIGHT WITH BANDIT

By Associated Press

Chicago—When a robber flourished a small revolver in the face of Miss Lillian Johnson Wednesday night and demanded her purse, she responded with a lecture on the evils of a criminal career, persuaded him to give her the weapon and wait while she summoned the police. He gave his name as Donald McCleugh, 23, a farm hand.

Coolidge Feels Two Governments Are in Perfect Accord Despite Rumors

By Associated Press

Washington, D. C.—Agitation over American-Japanese relations is puzzling and disturbing officials of the American government.

In the view of the administration there is no international question pending between Washington and Tokyo of a character to give alarm to the peoples of the two countries.

The new Japanese ambassador soon to come to America will find virtually a clean slate when he takes up his duties, and his reception here will be expected to seal a new bond of friendship between the United States and Japan.

So far as the two governments are concerned it is the feeling of President Coolidge and his principal advisers that relations are all that could be desired. They are hoping that the American and Japanese peoples will not themselves disturb those relations by agitation over situations of conflict which do not exist.

Agitation which it is felt will create bitterness and distrust between the peoples of the two countries are not charged to any single agency or officials here. Administration authorities say there never has existed before the complete understanding which now prevails between Washington and Tokyo.

AGREE ON MANEUVERS

On the proposal to send the American Navy to Hargai and the Pacific maneuvers next summer—a subject which has aroused considerable agitation of an unpleasant nature, particularly in part of the Japanese press—it is known here that on this the Japanese and Washington authorities are in agreement. The understanding between them disposes of arguments that the sending of the war craft to Hawaii is a mere display of naval strength in the Pacific intended to affect Japanese thought.

Administration leaders also see a manifest desire on the part of the Tokio government to cooperate with them in efforts to reconcile the feelings of the American and Japanese peoples. This is held to be reflected in the selection of Tetsuo Matsuudaira to be ambassador here, succeeding Mr. Iianihara who returned to Tokio after the passages by congress of the Japanese exclusion act.

Mr. Matsuudaira is regarded as one of the most illustrious and distinguished of Japan's statesmen and to have, by virtue of his long experience in the diplomatic service of his country an exceptional fitness for his new post.

Need Lots More Money To Care For City's Poor

Only six more giving days before Christmas!

Less than a week remains to raise \$2,000 for relief of the poor in Appleton this winter. Much less than half of that sum has been paid in by Good Fellows, in spite of the personal campaign that was made on Wednesday and Thursday. The response from those that were seen has been up to expectations, but the Good Fellow fund is a long ways from the goal.

Hundreds of people who can and should give to the Good Fellows fund were not seen during the personal solicitation campaign. There were not enough workers nor was there sufficient time for the solicitors to see every one in the city.

Every one should be a Good Fellow and the Post-Crescent offers the opportunity for every one to join this organization of the finest people on earth. All that you have to do is to write a check payable to the Good Fellows club editor of the Post-Crescent or to M. H. Small, 844 Atlantic, treasurer of Appleton Welfare council.

Good Fellows' money, every cent of it, will be used to help Appleton's unfortunate. It will help the family of seven children whose mother is ill and who have almost given up the tasks of trying to appease seven appetites and clothe seven bodies. This family has absolutely no means of support. The children are dependent entirely upon what the good people of Appleton can do for them. Christmas will be only Thursday for these youngsters unless the Good Fellows open their hearts and their purses.

The distress and the suffering of many of Appleton's poor families can be described with so prosaic a machine as a typewriter. The destitution, the want, the needs of some of our poor is so acute that it cannot be realized by folks who never want for the ordinary things of life. Comforts are entirely out of the question for them. Underclothing, plain food, bedding and fuel, is what they are praying for, not toys, or turkeys or radio sets.

Good Fellows are urged to get in their contributions as rapidly as they can. Every nickel that can be collected is needed.

CALL PALMER IN SHIPPING PROBE

Washington, D. C.—Leitch C. Palmer, president of the Emergency Fleet corporation was called Thursday as probably the last witness in the sweeping investigation of the shipping board and its subsidiaries which has occupied a special committee of the house since early in the last session.

With present plans of the committee calling for no further witnesses, members hoped to wind up the hearings before the weekend, and begin work on the report of the investigation which has covered both the American and European operations of the board. In their report which probably will be submitted late in February, members plan to put a thorough analysis of the condition of the American Merchant Marine.

THREE KILLED IN MINE EXPLOSION

Tacoma, Wash.—Three men are dead, two injured and three unaccounted for in an explosion at the Pacific Coast Coal Co.'s mine at Burien, Wash., 28 miles southeast of here, according to a report received here at midnight from N. D. Moore of Seattle, president of the company.

The dead: Charles Kirby, B. H. Washburn, Elmer Grippen.

The injured: Harry Humecke, critical. R. Lazarus, slightly.

Missing: Elmer Landis, assistant foreman. E. H. Ridley, E. J. Rust.

WIFE OF HOSPITAL WARDEN DROPS DEAD DURING DANCE

Chicago—Mrs. Rose Zimmer, wife of Michael Zimmer, warden of the Cook county hospital and former warden of the Illinois state prison died suddenly Wednesday night while she was officiating as chaperon at the annual ball of the hospital friends.

Heart disease aggravated by excitement was given as the cause of death.

CHILD'S WISHES ARE GUIDEPOSTS FOR EDUCATION

Lincoln School Teachers Try Hard to Learn Children's Ambitions

"It is a psychological impossibility to call forth the activity of a child without his wholehearted interest in the subject at hand," declared Ben J. Rohan, principal of Second district schools, in an interview recently, quoting the words of John Dewey, one of the greatest philosophers of this century. The root of the interest lies, not in the geography and arithmetic around which educators try to place a halo, he declared, but in the innate longing of a child toward some activity in life which appeals to him as the result of environment, heredity, or particular genius.

That interest, said Mr. Rohan, ought to be the stepstone along the road, placed there for teachers to read, to follow, and to lead the child toward his desired destination. If education, as the curriculum of study which exists today is called, can follow the signposts, can shape itself to fit the road the child wants to travel, the result will be a nation of happier people and happier homes. A man who is happy in his work goes home happy, and transmits some of his contentment to his family.

INTEREST CLUBS

The interest clubs of Second district school have been organized for the practical realization of this interest development. They have been under way for about four years, but the ever recurring problem arises as to how to find the particular interest of each child.

Mr. Rohan has used five means this year to discover the hobbies of children. First, the pupils wrote themes on "How I Would Spend \$10,000 if I Could do with it Exactly as I Pleased." The answers to this question betrayed three wonderful tendencies of the grade school children. The majority of children wanted to put a varying sum of money in the bank, many would invest a portion safely, and nearly every child wanted to give some of the money to his family toward homebuilding or toward health building. Thrift, resulting from bank training in the schools, knowledge of the uses of money learned in arithmetic, and unselfishness, toward which citizenship training is aiming, are betrayed in these answers.

"What I Would Do With Two Months Time" was another question put to the pupils. A third means of discovering hobbies was to have the children write down as many words in thirty minutes as they could pop into their heads. Among the words many were found pertaining to a certain interest developed more strongly than any other in the child.

Another paper was written on "My Hobby." Amazing results of common sense thinking were turned in. Many boys, particularly fond of building wood carving, or carpentry, have already done work along their particular lines. They have established small cooperative enterprises, built their own work benches, and set up their own cash registers. How much farther they will be able to go under the impetus and spur of training and enthusiastic direction along these same lines!

Girls have shown an interest in dancing, commercial art, newspaper work, nursing and story writing. The latter is particularly strong, and has many opportunities for development in group work. Criticism, both favorable and unfavorable, as well known spurs toward story writing.

Dewey says that a child doesn't throw himself into his work unless "his self is concerned throughout." He has no serious, absorbed, definite purpose unless he feels he is moulding himself into a certain ideal person. Abstractions of arithmetic, spelling, and reading don't fit into the line of march unless the fact can be shown that they are flowers along the roadside to be picked on the journey toward the ultimate destination!

Looks Like Congress Will Get Four Years Of Rest

BY HARRY R. HUNT

Washington—A tug-of-war between Coolidge and anti-Coolidge forces in the present Congress is in prospect in the lineup forms for the short session just beginning.

The division of forces in Congress for the next three months will not be along wholly partisan lines. It will not even be Democrats and "insurgents" against the "regular" Republicans.

For a more important undercurrent in the minds of the regulars themselves will have a bearing on legislation and the general course of Congress even more far-reaching than anything the combined Democrats and insurgents can do during the next three months.

This division is becoming apparent particularly in the Senate, between Republicans who need to Coolidge the right to decide what legislation should or should not be enacted during his term as chief executive and those who will insist on the Congressional right to organize and legislate as the Congress itself may determine, with dictation or interference by the executive.

For beneath the surface there still exists between the president and his immediate aides and the old guard group in Congress the same hostility that cropped out on the surface during the Cleveland convention.

The old party stalwarts are not on the inside of the Coolidge confidence. The old party control is still playing second fiddle. It goes through the motions of keeping in tune, but its heart is not in harmony. While the curtain is up and the public is looking on it follows the motions of the leader's baton. But

behind the scenes it turns its nose up at the leader's technique, makes light of his selections and plans for the day when it can assert its independence in one grand ear-bursting blast of discord.

If Coolidge has his way, and just now it is recognized that he has public sentiment behind him, there will be a minimum of new law during the next four years. All proposals for extension of governmental activities will be frowned upon, and many of the present activities vigorously curtailed, both in extent and expense.

To an extent not equaled in recent years the executive would dominate the government, with Congress relegated to a position where its only important function would be enactment of necessary appropriation bills.

As nearly as practicable, the condition recommended by Samuel Vauclain, head of the Baldwin Locomotive Works—the giving of a four-year vacation to Congress—would be brought about.

But such a condition, however satisfactory it might be to business generally and to the public as a whole, would not suit the political needs of leaders in House and Senate who, to perpetuate their influence and power, must keep Congress—and themselves—in the limelight.

To such extent as they can fit their own game into the program of the president, they are willing to go along with him. But beyond that point they balk.

As a result, the real political drama just ahead is to be played within the Republican party itself, not between Republicans and their Democratic or insurgent adversaries.

RANEY HELPED PICK RHODES SCHOLAR

Prof. W. F. Raney was one of the committees of six judges which met in Milwaukee Saturday night and selected Wisconsin's Rhodes scholar for 1924, Edward Francis D'Arms, Sheboygan, now attending Princeton University, was the committee's unanimous selection.

There were eleven candidates in Wisconsin, three from Lawrence, two from Milton, five from the state University, and one from Princeton. Candidates may either apply in the state wherein they reside, or in the state in which they have had two years of collegiate education. He turned Rhode scholars are judges, and President Birge of the University of Wisconsin is chairman of the Wisconsin committee. The Lawrence candidates were Harry Snider, '27, Farmington, Minn.; Alden Behnke, '27, Appleton; and Roger Collins, '25, Hartford.

Thirty-two states make a selection every two out of three years. Next year Wisconsin will not make a selection. The Cecil Rhodes scholarship is at Oxford university, England, and is tenable for three years. Selection is based entirely on scholarship, character, and participation in college activities. No examination is required. The stipend is \$500 a year.

Lawrence has had three Rhodes scholars. In 1905 A. E. Rollins; 1910, E. A. Hooten and in 1922, Cecil Larson. This record cannot be bettered by any other college in the state, according to Prof. Raney.

year will be about \$1,500, as compared with \$1,045 in 1923.

Some of the seals have not been reported on however, and persons who still have them are urged to make use of the stamped and addressed envelope which was enclosed in the distribution letter, either for a check or for the returned seals. If anyone has been forgotten in the distributing process, seals may be obtained at the post office. The proceeds from the post office sale have been exceedingly good in spite of the fact that nearly everyone was reached by means of letters.

JOHNSON TRIES FOR MIDDLE APPOINTMENT

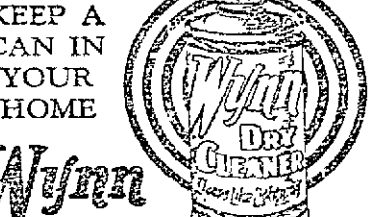

Appleton Youth in Class Preparing for Annapolis Examinations

Thornton O. Johnson, 21 Mason st., who enlisted at the recruiting office at Milwaukee last year, is now a member of the naval academy preparatory class which is conducted at the Naval Training station, Hampton Roads, Va.

The law provides for one hundred annual appointments from the enlisted personnel of the navy to the United States Naval academy at Annapolis, Md., for a four year course. The salary is \$750 a year, no political or financial backing is required, the person must have at least two or three years high school or equivalent education in order to pass the examination and must not be over 20 years old on the first of April of the year entering Annapolis and must enlist not later than Aug. 15 of the preceding year. He must take a competitive examination regardless of high school or other credits, for it is a question of "may the best 100 win."

The person must be of officer caliber and must pass a strict physical examination. The eligible candidates are sent to a special preparatory school for several months prior to the final examinations to give them ample opportunity to brush up on necessary subjects.

Students at Annapolis are known as midshipmen; upon graduation they are commissioned as officers of the navy with the rank of ensign, which rank corresponds with that of second lieutenant in the army.

DOUBLE-FACED

Number	List Price
Mignon—Connais-tu le pays? (Knownest Thou the Land?) (Thomas) In French	1052 \$1.50
Mignon—Gavotte: Me voici dans son boudoir (Here Am I in Her Boudoir) (Thomas) In French	
Charming contralto reminders of this familiar French opera—the plaintive exile-song of the wandering singer, and the song of her transformation.	
Lilacs (Rachmaninoff) Piano Solo	1051 1.50
Humoresque (Tchaikovsky) Piano Solo	
Rachmaninoff in two distinct piano roles; first as a poetic tonalist, in one of his own compositions; then as a sharer in, and a speaker for, human jollity.

Melodious Instrumental

All Alone	Victor Salon Orchestra	19505	.75
Memory Lane	Victor Salon Orchestra		
Two exceptionally beautiful interpretations of popular music. Both are wonderfully rich in orchestral effects.			

Light Vocal Selections

Me and the Boy Friend	Jane Green	19502	.75
Back Where the Daffodils Grow	Aileen Stanley		
The kind of record everybody likes; one side makes you laugh and dance, and the other gives expression to those "back home blues" we all have now and then.			
Big Bad Bill	Billy Murray	19503	.75
Ukulele Lou	guitar, ukulele and jodeling refrain Frank Richardson		
A fox-trot song of a marriage-broken public terror, and a Hawaiian yodel—or at least a yodel song in Hawaiian setting with ukulele and guitars by a new Victor artist.			
Mandy Lee	Shannon Quartet	19508	.75
My Old New Hampshire Home	Peerless Quartet		
These two famous quartets on one record; "heart-songs" of not too recent date. Sung with skill and with deep feeling.			

Dance Records

Prince of Waifs—Fox Trot	Ralph Williams and His Rainbo Orchestra	19504	.75
Get Lucky—Chicago Stomp or Shimmy Fox Trot			
First Victor Record by this famous organization from the Rainbo Garden in Chicago—two fox trots, one of them with the special flavor of Chicago from which came, originally, the well-known "Stomp" in the fox trot.			
Nancy—Fox Trot with vocal refrain	George Olsen and His Music	19507	.75
No One Knows What It's All About—Fox Trot	Jack Shilkret's Orchestra		
A fox trot with a vocal refrain, and some brass tricks; and a light, pleasing number for graceful dancers.			
Sax-o-Phun—Fox Trot	George Olsen and His Music	19509	.75
Hey! Hey! and Hoo! Hoo!—Fox Trot with vocal refrain	International Novelty Orchestra		
A happy, hick-sort of fox trot featuring Rudy Wiedoeft, its composer, and his famous saxophone, in laugh and slap-tongue effects; and a companion with a vocal refrain and novelties.			

During the past six years more than 60,000 Wisconsin men and women have bought notes and preferred shares of The Electric Co. and its associated utilities. Over 35,000 retain their holdings; the others had notes that have been paid off, or have had their shares resold by us, at the price paid for them less \$1 resale charge, to use the money in other ways. This rule applies to Wisconsin Electric Power Co. 6 1/2% preferred shares now on sale at \$100 each, payable all cash or \$5 down and \$5 monthly per share.

Music Lurks In Corners Of Boudoir

In a musical house milder of fashion now moves. A visitor comes to tea. He sits in an old little chair, and a gentle tune strikes up. It is no warning creak that he hears, but a delicate musical air. He starts up and looks around. The music stops and all is still. He resumes his seat and the tinkle starts again.

Mildred appears. She pours the tea.

and tuncful notes tickle out. A singing fairy hides in the teapot. The cake plate is raised, and lo the fairy has hopped abroad. The cake goes its rounds to a merry jodeling refrain.

AID TO GOSSIPS

Sometimes the musical house tells tales on its mistress to the apartment dwellers, men, for at the lifting of the lid of her cigarette case or of her powder box, a ditty commences that to the accustomed ear betrays the action of the moment. The various airs are full of meaning, since the same one recurs at each repetition of certain motions, be it the pouring of a cup of tea or the powdering of a tilted nose. It may be an old familiar song or perhaps a tiny burst of modern jazz with emphatic little jerks. Were the musical house to be invig-

igated in hidden nooks and corners, it would be found not only in the old fashioned metal boxes, but in their prickly metal cylinders, concealed music boxes fastened to the bottom of a carved wooden case, plate, or mirror. Years ago the first of these concealed music boxes were imported from France and Switzerland and their popularity is said to have increased year by year. Mildred's dresser is by no means in the latest mode without its musical accessories.

TEA KETTLES RARE

Powder boxes especially offer an appeal to a wide range of tastes. They

may be had in enamel with a shallow compartment for powder and a music box secreted underneath. Or they may come in glass with the mechanism revealed when the powder puff is lifted. Some must be wound up and set off. Others automatically start up their tunes with the lifting of the lid. Musical tea kettles are scarce and even more treasured, and musical chairs are the rarest and dearest of all.—New York Times

MUST BE ON TIME FOR ENTERTAINMENT BY SCHOOL PUPILS

Kaukauna Young People Present Nativity Story in Pageant Form

Kaukauna—People who fail to get into the high school auditorium before 8 o'clock Thursday evening will be required to wait outside during the first part of the Nativity story which will be given by the students at all the public schools. At promptly 8 o'clock the doors will be locked for about 15 minutes for it is necessary that there be no interruptions. All chorus singing will come from the rear of the hall. The musical training department of the high school has arranged a special set of bleachers along the rear and rear side of the hall to accommodate the two or three hundred singers. An A-Capella selection by the high school girls' glee club will open the program.

Due to the rather religious aspect of the production and because one portion of the story follows another without interruption, those in charge will ask that there be no applause or talking after 8 o'clock.

The program will consist of two parts, the first consisting entirely of singing. The feature number of the first part will be a selection, "We have Seen His Star in the East," by the high school male quartet. The quartet is composed of William Woelz, John Parent, Carl Grimm and Lester Lindermuth. It will be the first public appearance of the singers.

Social Items

Kaukauna—The Eta Beta Phi club held its annual Christmas party on Tuesday evening at the home of Miss Lorraine Rader, 109 Third-st. Rook furnished entertainment. Christmas gifts were exchanged. Those present included Misses Anna and Edith Meyer, Edith Treptow, Eva Grebe, Louise Kuehne and Mrs. Arthur Treptow.

The regular meeting of the Young Peoples' society of Trinity Lutheran church was held Wednesday evening following the weekly advent services. The business session was followed by a social hour. Games and exchange of Christmas gifts furnished diversion.

The monthly meeting of the Women's Christian Temperance union will be held at 2:30 Friday afternoon in the public library. Routine business will be transacted.

The regular meeting of Sacred Heart Order of Foresters held Tuesday evening in north side Forester hall was very brief because that the Yuletide season is a busy one. Plans were made for a Christmas party.

DOCTORS GIVE HEALTH TALKS AT ROTARY MEETING

Kaukauna—Talks on health were given at the weekly Rotary luncheon Wednesday noon. Dr. C. D. Boyd gave a general health talk and Dr. Elmer of Milwaukee, representative of the Wisconsin Anti-Tuberculosis association, gave an outline of the work planned by that organization for the coming year. A large percentage of the membership was present at the meeting.

KINDERGARTEN PUPILS GIVE CHRISTMAS PROGRAM

Kaukauna—St. Mary kindergarten children will present a program in the schoolhouse Sunday afternoon and evening. The afternoon program will begin at 1:30 and the evening presentation will begin at 7:15. Admission will be charged but the event will be open to the public. Santa Claus is expected to arrive before the conclusion of the program.

KAUKAUNA PERSONALS

Kaukauna—Miss Nova Fayer left Thursday for Waupaca where she will spend the weekend.

CRACK NEW LONDON CASE TEAM IS FOE IN FIRST BATTLE

Coach Smith Expects His Charges Will Have Hard Fight Friday Night

Kaukauna—The basketball season will be ushered in Friday evening in the high school gym with a decided handicap. New London high school team, which furnishes opposition, will have a distinct advantage over the local squad in that it has already played several games and has gained confidence by winning all its contests. The fact, however, has not dampened local enthusiasm and a bumper crowd is expected to witness the opening fray.

School officials were quite pleased to announce that H. P. (Cub) Buck is to referee the game. Every sport fan in Kaukauna knows Mr. Buck and it is expected his hand in the affair will be an added drawing card.

Coach "Tiger" Bill Smith has chosen 12 candidates from his squad to form his first team. The remaining 13 players will be divided into two teams and will play a preliminary which is to start at 7:30.

The Orange and Black is not daunted by the apparent success of the New London aggregation. Although the coach admits his charges are not yet trained to the perfection he desires, he will send his best prospects into the game in an attempt to bring victory to Kaukauna.

The team struck its first snag this week when Neil Gogwe, one of the most promising candidates, developed trouble with his foot, which may keep him out of the first game. If possible, however, he may be used as forward with Glen Miller. Sylvester Dix has been working at center with Beyer's running guard and Farwell as standing guard. Kilgas and Macrone also have been making strong bids for forward positions and are almost certain to get a flag before very long. George Boyd is a likely prospect for center.

Evron Biesik, an underclassman, has the makings of a brilliant player and the coach thinks the boy will be among the leaders for next season's team.

How to Make Pine Cough Syrup at Home

There is no equal for prompt results. Taken at a moment's notice, and gives you about \$2.

Pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pine in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and tastes very pleasant. You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistent, long from the formation of phlegm. The cause is the same—irritated membranes—and this Pine and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pine is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pine" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pine Co., Ft. Wayne, Ind.

LITTLE CHUTE IN RACE FOR CLINIC

Little Chute is in the race for one of the 24 free chest clinics offered by the Wisconsin Anti-Tuberculosis association this year for the highest per capita sale of Christmas seals in its 1924 campaign. Communities that won clinics last year are particularly anxious to win them again this year.

Twenty-two of the clinics are to be awarded to incorporated cities and villages as prizes for the highest per capita sales of seals, and the other two will go to unincorporated villages or cities having the highest and second highest sales.

More than 800 towns have entered the contest. In order to make the terms as fair as possible the incorporated communities have been classified into eleven groups, arranged according to population, and two clinics are to be awarded in each group.

Group one is composed of cities and villages of a population of 3000 or more, group two of communities of 2000 or 3000 population, and so on down the scale. Group eleven is limited to unincorporated villages and cities under 500 population. All communities are classified according to official United States census. Cities which have local tuberculosis associations are not entitled to enter the contest.

RHEUMATISM LEAVES YOU FOREVER

So Says James H. Allen, Who Drove Out Rheumatic Poisons After Being Crippled for Years.

Mr. James H. Allen, of 26 Forbes-st., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers.

"The blessed relief this marvelous prescription quickly gives has made for it thousands of friends," says Voigt's Drug Store and Schmitz Bros Co., who have been appointed agent in your city. It is Mr. Allen's own discovery.

NEENAH LAWMAKER WANTS MORE LAWS TO REGULATE CARS

Larson Urges Stringent Legislation Against Drunken Drivers

Neenah—Legislation safeguarding the people against automobile accidents and strengthening the traffic laws should be enacted by the next session of the legislature, according to Nels Larson, assemblyman from Neenah.

There should be appropriate legislation to curb the menace of the drunken automobile driver, Mr. Larson stated. He suggests that in addition to fine or imprisonment, the penalty for operation of a vehicle on the public highways by an intoxicated person shall include revocation of the automobile license or that the person "be forbidden to drive any automobile in the state of Wisconsin for a given period of time—not less than one year, nor more than five years." Thus he said, would have a tendency to prevent recurrence of the offense.

There is also a "well defined demand" for legislation compelling the owner of every car to carry insurance in favor of the owner of any car which the former may negligently or unlawfully damage. This would release many persons of carrying a double insurance, in favor of himself and in favor of other persons, and make every motorist bear his share of the responsibility for reckless or negligent driving.

In this connection, Mr. Larson said he had been informed that Senator William A. Titus of Fond du Lac contemplates introducing a bill requiring all motor car owners to carry liability insurance.

The motor bus business also is a problem, according to Mr. Larson, who said he "felt that some measure must be passed to regulate them."

"I believe the better way is to have them controlled by the states as other public carriers are, than to leave it to the different municipalities," he added.

NEENAH, DOCTOR SAYS NOSMALL POX IN

Neenah—Because there is no epidemic of smallpox in this city at the present time, there is no immediate need of compulsory vaccination. This was decided at a meeting of the board of health on Wednesday evening, Dr. N. M. Fitz, city health officer, reported Neenah did not have a case of smallpox but he said orders for vaccination would be issued if there is an emergency. The examination of chests of high school pupils as a precaution against tuberculosis was not considered advisable by the board. This measure was brought up by the school nurse.

VISITS IN NEENAH AS WIFE IS SLAIN

Neenah—While his wife was being murdered Wednesday afternoon in her flat at 953 Oakland-ave, Milwaukee, Royal Boeshard was transacting business in Neenah. Mr. Boeshard is department manager of the Travelers' Insurance Co. and was a visitor in the office of Harold Hansen at about the time the tragedy was being enacted at his home.

FORMER NEENAH WOMAN DIES AT HIGH CLIFF

Neenah—Mrs. Charles Miller, 80, died Tuesday evening at the home of her son Dr. Miller at High Cliff after an illness of several years. Mrs. Miller was a resident of Neenah for 10 years living with her daughter, Mrs. Henry Pingle. She had moved to High Cliff 18 months ago to reside with her son. She is survived by a son, Dr. Miller of High Cliff; a daughter, Mrs. Henry Pingle of Neenah; a sister, Mrs. Hermine Burkamp of Chicago; two step-daughters, Mrs. Fred Tanager of Florence, Calif., and Mrs. William Brockhaus of Fort Atkinson.

Funeral services will be held at 2 o'clock Friday afternoon from the home of Dr. Miller at High Cliff. Burial will take place at High Cliff. The Rev. C. O. Massmann of Neenah, will be in charge of the services.

WATTS NABS MAN FOR FORGERY AND STEALING CHECKS

Piank-rd Man Is Held for Breaking into Stanelle Battery Station

Neenah—Joseph Sinski, 25, 888 Piank-rd, was arrested Wednesday evening by Charles Watts, chief of police, and is charged with breaking into the Stanelle service battery station where he is alleged to have stolen a number of checks to which he forged Mrs. Stanelle's name and secured \$81 from banks. Sinski vigorously denied guilt and waived examination when arraigned before Justice O. B. Baldwin. He was unable to furnish bail and is being held in the county jail in Oshkosh for his preliminary hearing on Dec. 24.

The blank checks were stolen from the check book in the Stanelle station but were not missed. Late Wednesday Mr. Stanelle was called to a bank and was shown two checks, one for \$34 and the other for \$47, bearing Mrs. Stanelle's signature. They were found to be forgeries and police were placed on the trail of the forger. Chief Watts learned that a man had attempted to cash checks at a millinery store and at the William Tauber meatmarket. He was refused in each instance. Descriptions secured from these places gave Mr. Watts a clew.

Late Wednesday afternoon, when Watts and Stanelle were talking over the case in Stanelle's station, Sinski walked in and was immediately arrested.

A check protector had been used to draw the checks and they appeared to be regular in every way. They bore the indorsement of Fred Miller.

WALTONS TALK OVER CHANGES IN GAME LAWS

Neenah—About 100 Isaac Walton's were in Neenah city hall Wednesday evening. Laws governing fishing and hunting, which are to be changed were discussed. Every effort is to be made to secure another 100 members. A committee of Matthew Mott, Harrison Smith and Edward Lawson was appointed to prepare resolutions voicing the sense of the local branch in matters to come up for the good of the order in national, state or local circles.

INTERIOR WOODWORK MAKERS MEET AT NEENAH

Neenah—Fourteen millwork men held a meeting at Valley Inn Wednesday noon. These meetings are held monthly for Valley manufacturers of interior finishings. Following the dinner the meeting resolved itself into an open discussion of building materials and construction work. Elmer Appleton, and Frank Reiter, Oshkosh, were the principal speakers. A similar meeting will be held in Appleton in January.

MRS. PULGER ELECTED ROYAL NEIGHBORS ORACLE

Neenah—Mrs. John Pulger has been elected oracle of Royal Neighbor lodge. Other officers elected at the meeting Thursday evening were: Mrs. Carrie Lullcrap, past oracle; Mrs. G. C. Nutter, vice oracle; Mrs. Henry Julius, recorder; Mrs. Carl Christensen, treasurer; Mrs. W. A. Neuhaus, marshal; Mrs. M. E. Scholtz, chancellor; in absentia, Mrs. E. J. Steffen; outer sentinel, Mrs. B. J. Pagel; manager, Mrs. B. O. Bell; Mrs. Hazel Nelson, musician; Dr. I. E. Ozanne and Dr. S. D. Greenwood, physicians.

NEENAH TENNIS CLUB CHANGES NAME AT DINNER

Ambrose Owens Elected President of Athletic Organization

Neenah—At the second annual banquet of twin city tennis players, in the Valley Inn, Wednesday evening, the name of the club was changed from Neenah Tennis club to Doty Tennis club.

Thirty-five club members were present, all enthusiastic over the results of the first year of the organization and its splendid prospects. A 5-course dinner was served after which retiring president, Eaton Sizer as toastmaster, called the meeting to order.

Kimberly Stuart gave a short talk on the club's activities; Mowrey Smith spoke on the growth of the club; Don Tauber responded with a talk on the interest in the club; J. C. Kimberly, a guest, congratulated the club and hopes for its future progress. R. C. Brown his first president, spoke of the need of such a club in Neenah and Mayor George Sande, in presenting the several trophy cups, spoke of the prosperity of the club and promised that next year would see several new courts about the city for the club's use. Frank Trilling and Lester Whitmore discussed club activities; Roy Sund reviewed the tournaments of last season and Van and John Pinkerton spoke on sportsmanship of the club members. Roy Dowling also gave a short talk on club activities.

Ambrose Owens was elected president; Mowrey Smith was elected vice-president; Kimberly Stuart, secretary; R. C. Brown, assistant secretary; Earl Haase, treasurer, and Lester Whitmore and Frank Trilling, members of the executive board.

In order to settle the championship of the club for the Anspach trophy, a game which had been started by the Rev. R. A. Heron and Mowrey Smith and could not be finished on account of cold weather was staged following the banquet and the Rev. Mr. Heron was the winner.

Mowrey Smith reported that another cup would be donated by himself to be played for in the class B tournament next season.

A vote of thanks for donors of courts and cups and to the retiring officers wound up one of the most enjoyable social gatherings held in the Inn.

FIND LIEBL GUILTY IN STATUTORY CASE

Goes Back to Jail to Await Sentence Which Will Be Pronounced Dec. 29

Neenah—William Liebl of this city appeared in municipal court at Oshkosh at 10 o'clock Thursday morning and pleaded guilty to the charge of contributing to the delinquency of Mary Corbett, 15-year-old daughter of Mr. and Mrs. Robert Corbett, Van-st.

Judge A. H. Goss, before whom the trial was held, took the case under advisement until Dec. 29, when sentence will be pronounced. Liebl was unable to furnish bond and was returned to the county jail to await the judge's decision.

NEENAH PERSONALS

Neenah—Richard Jaegerson is transacting business at Beaver Dam. George A. Jaegerson has returned from a business visit in the northern part of state.

J. D. Beals is in Chicago where he will meet his daughter, Miss Virginia Beals, who is returning home from Miss Hall's school, Pittsfield, Mass., to spend the holiday vacation with her parents.

HATHAWAY AND WONES VISIT Y. M. C. A. HERE

F. A. Hathaway and W. H. Wones of Milwaukee, are visiting the local Y. M. C. A. in the interests of state work and Camp Manitowish in the north woods. Mr. Hathaway is prominent in state Y. M. C. A. work and Mr. Wones is state boys' work secretary and is in charge of Manitowish each summer. Mr. Wones, or "Dad" as he is familiarly known, is perhaps better known to the boys of the state than any other man in Wisconsin. Camp Manitowish has a large enrollment yearly, largely through his efforts and he is the most sought after man at older boys' conferences.

CITY MAY BUY MACHINERY TO REMOVE SNOW

Ask for Bids on 10-ton Holt
Tractor and Snow Removal
Apparatus

Following an investigation of the needs of the street department in the form of snow removal apparatus, the committee on streets and bridges Wednesday evening recommended to the council that it advertise for bids on a 10-ton Holt Caterpillar tractor, a Caterpillar snow plow and on grading shovels.

The council adopted the recommendation and in order to have the apparatus ready at the first emergency, the council authorized the street and bridge committee to receive open and tabulate bids and report at the next council meeting which will be on Jan. 7.

Upon recommendation of the same committee the council authorized the city engineer to attend the national road show in Chicago next month and ordered the Wolf Shoe company and the Automotive Regrinding and Welding company to remove certain obstructions in the alley that adjoins the Post bldg.

BUX MORE HOSE

A license was ordered issued to A. Goetz for operation of a soft drink parlor at 573 State st following a recommendation by the police and license committee. The council adopted this recommendation of the fire and water committee to purchase 1500 feet of 2 1/2 inch hose and a dozen firemen's hats for the fire department. Chief G. P. McGilgan of the fire department to whom was referred for investigation a petition for improvements on a frame dwelling house in the fire limits in the Third ward reported that he had no objection to the granting of a building permit for that purpose. The permit was ordered granted.

A complaint was received from Dr. George N. Pratt a tenant in the Insurance bldg relative to a smoke nuisance caused from a stack on the alley. The aldermen of the Second ward were appointed a committee to investigate the matter.

Edward Prall asked the council to provide means for him to build a riding academy in the Fourth ward. The property in a local business district and under the terms of the zoning ordinance such a building project would not be permissible it was pointed out. The matter was referred to the zoning board of appeals.

RICHMOND SCHOOL TO GIVE PROGRAM

A Christmas program will be given by pupils of the Richmond school at 1:45 Friday afternoon in the school house. The entertainment is under the direction of Miss Katherine Tracy, Miss Elizabeth Wadsworth and Miss Marjorie Hood. The dramatization of Mother Goose Rhymes such as Little Jack Horner, Little Miss Muffet, Jack and Jill and the Old Woman in the shoe will open the program. This will be followed by a group of Mother Goose songs, a number of recitations and a group of Christmas songs. The afternoon will end with a Christmas party in the kindergarten room. Parents and friends of the children are invited to attend the holiday festivities.

Oh Dear!
I Must Do the Dishes!

What woman hasn't at some time felt that she would rather go with out dinner than have to look for ward to washing the dishes? It is not necessary to feel this way now adays. The Bureau of Home Economics has studied this problem and worked out a method which is so simple and so quick that while dishwashing may still not be a job it at least is no longer a burden. This information together with a great many other labor-saving suggestions is contained in a booklet just off the press. This pamphlet is available to any reader of this newspaper who will send a two-cent stamp for return postage and will fill in the attached coupon. Be sure to write your name and address plainly.

DISCOVERS KIND OF WHALE THAT SWALLOWED JONAH

This is V-1, Uncle Sam's latest pet. It is the first of a new type of very fast submarine. Here it is in dock at Washington for naval experts and congressmen to inspect.

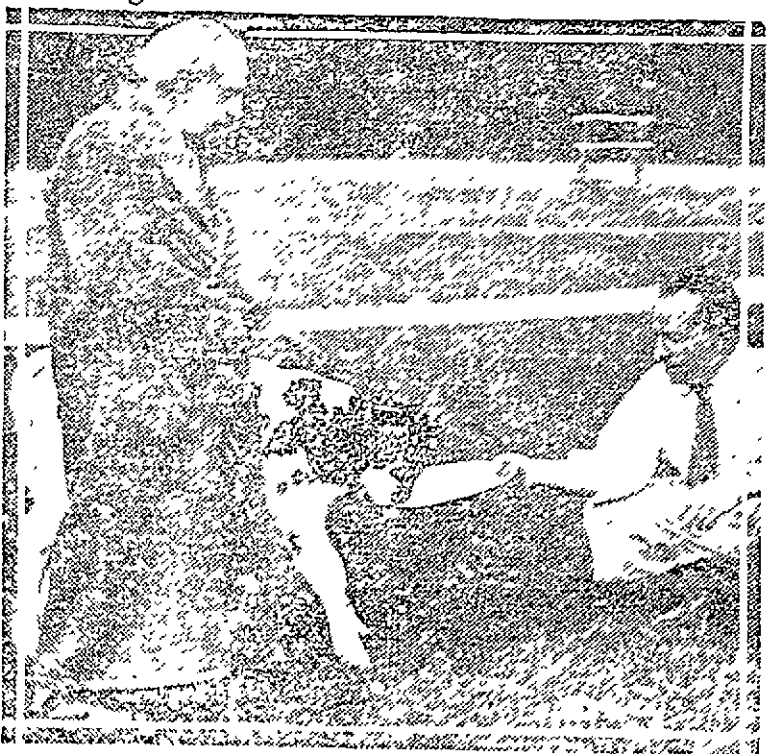

Photo shows the first boat passing through the Soderstjerne Canal, at its dedication by King Gustav of Sweden. The canal marks the completion of a dream of centuries for a short cut from Stockholm to the Baltic Sea and thus to the Near East.

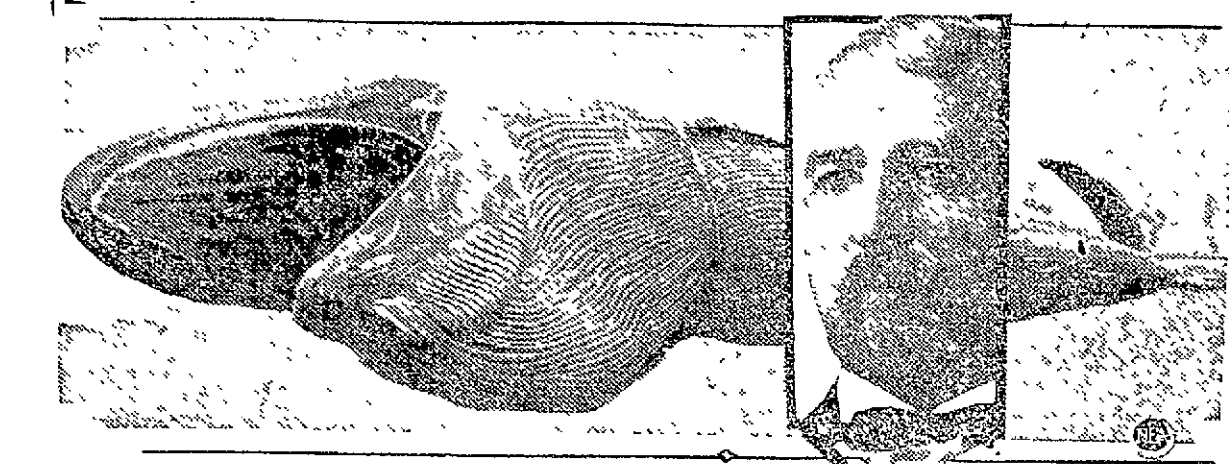

Competition is keen at this Klan store at Seaford, Long Island, the only such store in New York state. Mud on the sign and rocks through the windows are part of the receipts from opponents.

This is how Henry Major, Hungarian caricaturist, sees President Coolidge. He is just completing this clay bust of him. It will be exhibited in New York, along with other work of the artist's.

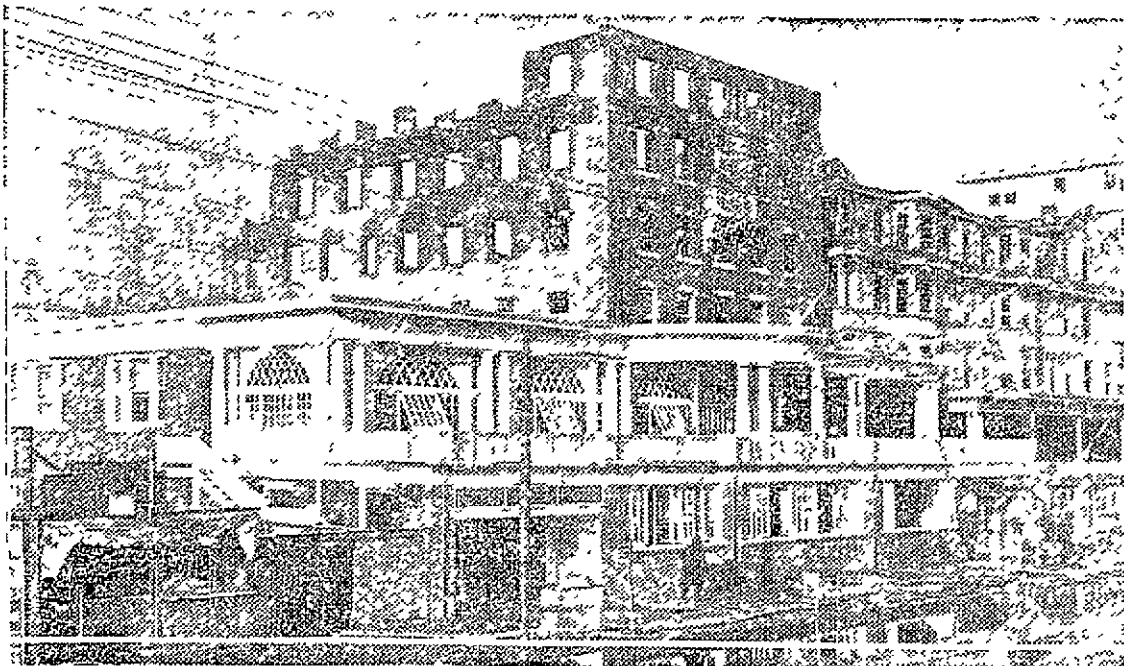

Vladimir De Borchman at 85, one of the greatest living pianists, writes the final movements of his suite in a quiet mood. On a quiet life farm in the Catskill Mountains, N. Y., he rests between concerts. Here he is pictured with one of the many farm pots.

This is the sort of whale that swallowed Jonah. Captain Cott Plummer (inset), who caught him off Sabine Pass, near Port Arthur, Tex., says so. The monster weighs 90 tons and measured nearly 60 feet in length. The whale was floundering in shallow water. Captain Plummer caught another whale near Sabine Pass 16 years ago.

This little two-month-old youngster does not appear the least bit worried over his sudden drop from New York society back to the orphanage from which he had been taken. He is back in Wilkes, a Kansas City (Mo.) institution, as a result of a New York court's order. The baby is the one Mrs. Lydia Marks maintained was here in order to collect in the neighborhood of \$400,000 from her former husband, Arthur Hudson Marks, New York millionaire. The child, seen here with his nurse, is awaiting another adoption.

A red-haired woman, Mrs. J. W. Buchan, 27, of Memphis, Tenn., turned detective and captured Hart Austin, 25, bank robber known throughout the southwest and even up in the province of Ontario. Then Austin (seen in inset) began coming around to see them. Mrs. Buchan tapped telephone wires. When Austin came in one day she met him at the door with a shotgun and held him until police arrived. Austin and his companions had planned to rob another bank that very day, detectives say.

OBJECT TO JOKER IN BILL RELATING TO FREIGHT RATES

Chamber of Commerce Sides
with Traffic Association
in Opposition

Opposition to a congressional resolution on freight rates because of the joker it contains was voted by the board of directors of the chamber of commerce at a luncheon Wednesday noon at Conway hotel. The board also tabled indorsement of the proposed federal bond issue for rivers and harbors and heard reports on the state meeting of chambers of commerce at Wausau and the hearing on telephone rates at Madison.

The underlying purpose of this clause, it was said, was to permit shipment of agricultural products at cost or less when prices of these commodities were low. The traffic association asked Appleton's help in opposing the bill because an already complicated rate system would become more involved with a plan of this kind. The board therefore voted to oppose passage of the bill in congress and will ask representatives in congress to do the same. Indorsement was asked by Mississippi Valley association for house resolution 2270 empowering the government to complete its rivers and harbors program in five years through a federal bond issue of \$204,000,000. This matter was discussed and the letter tabled.

Hugh G. Corbett, secretary, presented the report of the meeting of chamber of commerce officials at Wausau this week in place of A. C. Romley, president, who was ill. One other director, Louis Bonini, also was absent on account of illness. Attorney Homer H. Benton, counsel for the chamber of commerce in the telephone rate increase case, gave the report on the recent hearing at Madison.

A night letter was sent by the board to Thomas B. Reid, who is ill with pneumonia at Phoenix, Ariz. The message voiced hope for his speedy recovery.

WATER BOARD BUYS SUPPLIES FOR YEAR

Bids for various supplies were opened by the water commission at its meeting Tuesday and contracts were awarded. The Gamon Meter company of Newark, N. J., was awarded the contract for furnishing water meters at a price of \$9.75 each, with connections. The commission accepted the bid of the Electro Bleaching Gas company of New York for one year's supply of chlorine at \$0.855 per pound. The contract for one year's supply of sulphate of alumina was awarded to the General Chemical company of Chicago at \$1.15 per hundredweight.

Payroll accounts in the sum of \$154.86 and general accounts of \$5,683.16 for a two weeks' period were allowed by the commission. It also instructed the assistant secretary to communicate with the mayor and common council and ask for an additional discharge line from the east side of the pumping station, also for permission to complete the program of replacing the small fire hydrants in the downtown district.

WINDESHEIM ANALYSES DEBATE AT NEW LONDON

Karl A. Windsheim, debate coach at Appleton high school, analyzed the non-decision debate between the New London and Waukegan high schools at the former city Wednesday evening. This is a new method which is being used for debaters in this part of the state. Lawrence college originated the plan. Men experienced in the practice and methods of debate are picked to teach the audience and to make the fine points of debating. They analyze the debates thoroughly for the audience in a short talk but no decision is given. Then they talk to each member of the teams individually and give points and suggestions on the work. Mistakes are pointed out and methods of improvement are shown.

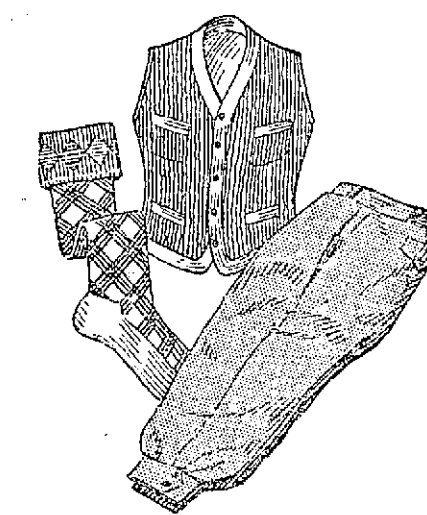

The question debated Wednesday evening was, Resolved, That Capital Punishment Should be Abolished.

ASK SCOUTS' MOTHERS TO SEW PLAY COSTUMES

Mothers of boy scouts will be enlisted as helpers to prepare costumes for the play which is to be given early in 1925 in cities of Valley council, Boy Scouts of America. Mrs. J. P. Bannister has begun sewing the gowns and will need the help of three or four women at a time for several weeks. Those who can spare the time afterwards are asked to notify her at the Bannister studio, over Irving Zuelke music store.

Hoop skirts, Spanish costumes, ballet dresses and ruff attire are among the kinds of dress that will be needed for the characters.

CHRISTMAS PROGRAM FOR KIWANIS CLUB

A remarkable attendance record was reached Wednesday noon by the Kiwanis club, when 90.5 per cent of its members were present at the Christmas luncheon in the Conway hotel. Dr. G. C. East of Lawrence College read the story of the first Christmas tree, and music was furnished by the Kiwanis club orchestra. George Nixon sang several solos. A Christmas tree was a feature of the program and the toys which each member brought were put around the tree. They are to be given to the Salvation Army for distribution to poor children of the city.

A gold wrist watch was presented to Walter Hughes as a token of its appreciation for his services during the year. The attendance prize, which was given by William C. Kish, was won by President J. L. Johns.

Meetings of the club will be discontinued until after the first of the year.

HIGH SCHOOL PUPILS GIVE DANCING PROGRAM

Dances from the oldest styles to the most modern were presented to students of Appleton high school Wednesday morning during the assembly period by a group of high school girls under the direction of Mr. P. E. McCloskey. The dances were a part of the stunt to advertise the Christmas dance which will be given by the student council Friday night for students and alumni. The invitation committee is sending cards to those non-members of the school who are invited.

WORKMAN CAUGHT IN PAPERMILL DRIER ROLLS

Edward Hiltcher, 20, living at 708 Appleton-st., was painfully injured when caught between the rolls of a drier machine in the Atlas paper mill of the Kimberly-Clark company Wednesday afternoon. The injuries might have been considerably more serious had the machinery not been stopped. The friction produced by the rolls burned his right shoulder and he also suffered bruises on the chest and possible fracture of three ribs.

PROPOSE GENERAL SURVEY OF CITY'S SEWER SYSTEMS

Remedial Measures Urged After Sewage Methods Here Are Studied

An undertaking which calls for a survey of all the sewer lines in the city with a view to perfecting the same, has been proposed to the city council at a Wednesday evening meeting. The proposal was made by a committee on streets and sewers for thorough consideration.

A resolution had previously been introduced by Alderman H. R. Beske of the Sixth ward providing for a survey of the sewer situation in the northern part of the city and the possible extension of a trunk sewer leading from that territory to the Fox river via the Bellale park ravine.

Mr. Beske felt that the present sewer lines had been extended and recorded so far that they were no longer giving efficient service. Some of the sewers in that territory have a depth of no more than three or four feet. Property is opening up fast in new plats in the Sixth ward and the new residents are in need of better service. It was pointed out.

STATE ADVISES SURVEY Mayor John Goodland, Jr., reported that he had gone over the territory with C. M. Baker, Madison, state sanitary engineer, and that the latter had advised a survey followed by measures of relief.

D. M. Connelly, city engineer, then proposed that if a survey is contemplated it be extended to cover the entire city. The city sewer system is not always accurate. He declared that a system of linking storm sewers with storm sewers is a mistake since it frequently leads to backwater.

A policy should be adopted, he said, to gradually separate the storm sewers from the sanitary sewers, and provide for a more efficient system of drainage and sewage disposal system. A survey of the entire situation in Appleton at this time would mean a great saving of money, but the longer it is put off the more it will cost the city in the end, it was pointed out. The engineer suggested that a competent man be engaged to work in connection with the engineering department for several months and not only conduct the survey, but also assist in the work of drawing up plans and specifications for the paving program and to assign new house numbers which will begin after Jan. 1.

CITY GETS \$3,000 CHECK FOR PAVING

Doubt over the legality of payment of approximately \$3,000 of the county's \$12,000.10 appropriation for Lemnawabst pavement was settled this week by an affirmation from state highway officials. And the last of the construction costs has been paid. A sum of \$2,400.68 of state aid money had been put aside for the pavement, and the county appropriated \$3,046.01 to meet the state aid, and then appropriated an additional \$5,923.40 as additional county aid for the project. A part of the money was withheld because of uncertainty of the legality of the county action. The project cost about \$14,000.

Music Lovers Come From Many Cities To Visit New Store Here

INTERIOR OF FIRST FLOOR DISPLAY WINDOWS ON ONEIDA ST. SIDE OF STORE

SEVERAL thousand people, many of whom came from cities as far as 100 miles away, visited Zuelke's new music store at the corner of Oneida-st and College-ave during its formal opening. The store is one of the finest of its kind in the Midwest, comparing very favorably with the best in the largest cities.

Enormous changes have been made in the interior of the building, as well as in the exterior. Every possible convenience for customers and for the business has been installed. All of the rooms are beautifully appointed and arrangements were made for the fastest service for customers.

The main floor, used largely for general display purposes, is beautifully finished and well arranged. Highly decorative lighting fixtures have been installed and soft carpets add to the elegance of the room.

The display windows on two sides of the building are attracting a great deal of attention. They are spacious and so arranged that they can be decorated with the maximum effectiveness. Wax figures are used effectively in decorating the windows.

The piano room, radio room and phonograph room are on the third floor and a recital hall also has been fitted up on that floor. The sales rooms are well equipped for demonstration and display purposes. Nothing that would add to attractiveness or to comfort has been omitted.

voice of the south" at Atlanta, Ga., will broadcast a program by the shop band of the Central of Georgia railroad. The players all are employed in the railroad shops at Macon and each excels on his particular instrument. This an encore program, the one broadcast last April by the same group receiving such hearty approval that WSB invited the men to play again. The program, which is from 8 to 9 o'clock, on 425 meters, includes a talk by L. A. Downs, president of the road, who will tell something about the South and group of Southern melodies. Cornet solos, Spanish serenades, fox-trot, marches, a trombone novelty and stepping the scale are a few of the extras.

Real estate men will be interested in a program from WCO at 7:15, given by the St. Paul Real Estate Board. At 10 o'clock Dick Long's Nankin Cafe orchestra will present a dance program. Two features from WEAF Thursday night are "Touring in a Packard Eight," by George Elliot Conley and Vincent Lopez Ho-

tel Pennsylvania orchestra. WLW presents a group of cello solos by Earl Kirsmin, first cellist of the Cincinnati symphony orchestra and a program by the famous Doherty Melody Boys.

Remarkable Selling of New ALMCO LAMPS

Months ago we made our plans for this great selling event—one of the most important opportunities which we have ever presented to our customers.

The important feature of this sale is the fact that every lamp is an Almco creation. Almco Lamps have long held the reputation of being "America's Most Beautiful Lamps." They are unrivaled the country over.

Almco Lamps are designed as complete units, with base, shade, and every detail of color and decoration in perfect harmony. The handwork employed in their creation gives them individual touches which no commercialized lamps can duplicate.

The designs are thoroughly artistic; the proportions are correct; the color harmonies are interesting and lovely; the workmanship is all that of highly skilled artisans.

Included in the sale are bridge, floor and table lamps. You can have your choice of pottery, wood or metal bases. The shades are exquisite examples of fine needlework. The price range is as varied as are the designs.

The number of lamps is limited, so if you want to secure one of these beautiful, finely made Almco Lamps, at a price that may not again be duplicated, be sure to come in early.

MELANCHOLY RULES KAZAN OF TARTARY, ONCE WEALTHY CITY

Blighting Influence of Revolution Most Evident in New Capital

Kazan, Tartar Republic, Russia — Nowhere in Russia is the blighting influence of the Russian revolution seen more strikingly than in Kazan, capital of the newly-created Tartar Republic and once one of the most prosperous cities in Europe. If death itself had overtaken the city, the ravages could not have been greater. The factories are idle, the stores empty and abandoned, the homes are crumbling to ruins, and the people seem stricken with hopelessness and despair.

The granite and bronze monuments to Alexander the Second and other historical figures of Russia have been wrecked and replaced with makeshift Communist figures of workmen. From all flagpoles the red flag of the revolution flies. To many it is only the grim reminder of the spiritual death of the city, which has been in Russia's possession since the days of Ivan the Terrible.

The commercial life of Kazan is at a standstill. Half the population, finding conditions intolerable, have fled for neighboring cities which promise a better existence. The roadways are so little used that grass and weeds are growing in the crevices between the paving-stones. Many of the stores are either shuttered or windowless. The quantities of leather, soap, candles, wheat and other staples which the city annually exported are but memories of its past greatness. It now has nothing to export. It barely produces enough for its own maintenance.

The churches present an especially melancholy sight. They are in full process of decay. The clergy are too poor to repair them. Many of them have closed their doors. Others have been converted into Communist clubs or barracks. The correspondent visited the largest of the churches, the famous Convent of the Virgin Mother, where mass was in progress. The priests and nuns were more numerous than the congregation, which numbered exactly six persons.

BRITAIN WORRIES WHEN TEA RISES

London—Things are bad enough as they are in England in the winter time, what with fog and rain, coal, smoke and unemployment, but to make matters worse the price of tea has gone up. And there is not any prospect that it will come down again.

This may seem like a small thing, but to an Englishman it is serious. Just as much so as an increase in the price of a loaf of bread to a Frenchman.

The British, seeking an explanation, are blaming "the foreigner." It seems that foreigners have taken up the tea habit and are competing with British buyers in the markets where this commodity is sold. In consequence of this larger world demand, tea is just as expensive now as it was before the Labor government budget cut the tea duty down last spring, to the great pleasure of all the classes.

If the price climbs much higher there are some who think the British may be forced to become a coffee-drinking people again. Coffee was, after beer, their national beverage in the rollicking coffee-house days of Queen Anne.

IRISH CONSIDER AUTO EVIDENCE OF WEALTH

Dublin—The laws of Ireland provide that when a pauper seeks support by the state, he must apply in the district where he was born. This has led recently to paupers, who have lived for years in the Free State, applying for admission to Ulster workhouses.

The authorities of Enniskillen, in northern Ireland, recently were called upon to consider the case of a woman pauper who came to them from Sligo, claiming to be a native of Enniskillen. She was refused admission, principally because she drove up to the workhouse in a motor car. This was taken as evidence of means, and the applicant was ordered to return to Sligo.

UKRAINIANS PROCLAIM MOLDAVIAN REPUBLIC

Kharlov—In carrying out the Soviet principle of extending autonomy to all minorities, the Central Executive Committee of the Ukraine government has created a new state which will be known as the Moldavian autonomous Soviet Socialist Republic.

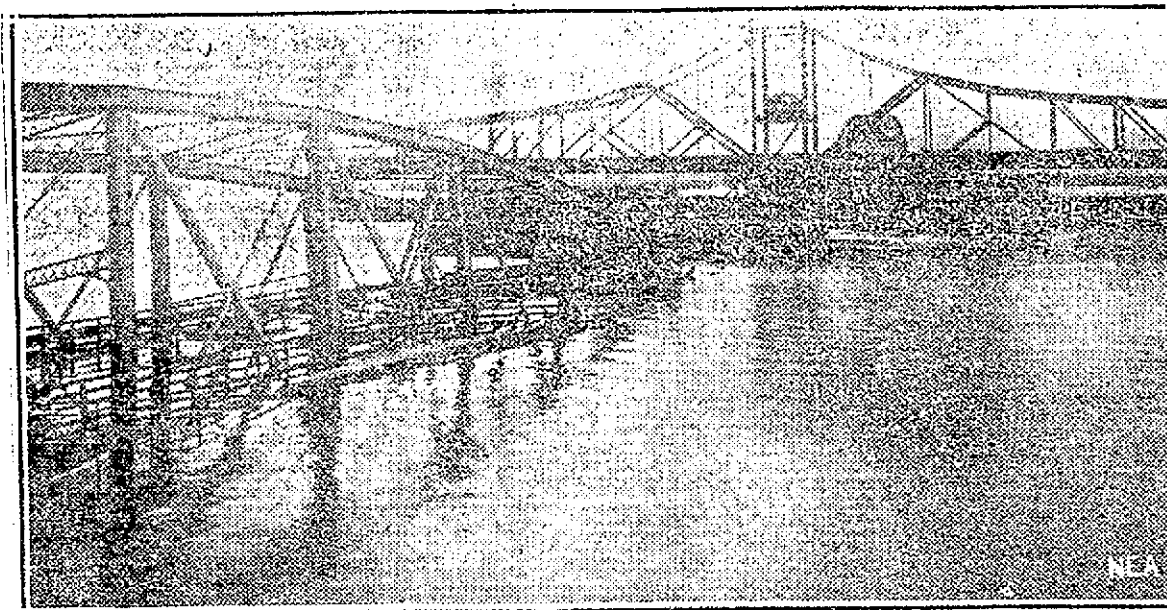

The new state comprises districts on the Russian-Bessarabian frontiers and part of the districts in the Odessa region where the population is composed mostly of Moldavians. Great political significance is attached to this new move in view of Rumania's retention of Bessarabia.

MOSCOW REMODELS ZOO AFTER HAGENBECK PARK

Riga—The remodeling of the Moscow zoo after the Hagenbeck park near Hamburg was started recently. The plans permit the wild animals to live in comparative liberty, being separated from the visitors only by deep ditches.

WHAT A BOAT CAN DO TO A BRIDGE

This is how the interstate bridge between Duluth, Minn., and Superior, Wis., looked after the steamer Martin B. Furr crashed into the Superior approach in the early morning darkness. Wrecking of the bridge leaves the two cities with only one direct connecting link, a railroad trestle. Motorists have to travel 20 miles out of their way to get across now. The bridge probably will be out of commission a month or more.

CHAIN SHOPS WILL EMPLOY ONLY VETS

Chicago—The first of a series of workshops for disabled war veterans, in which they will turn out memorial wreaths and flowers for patriotic uses, will be opened here the first week in January under the auspices of the Bolo club, an organization given chiefly to the interests of former service men.

Thousands of small emblems, the red carnation, insignia of the Spanish-American war veterans, the blue violet of the World War and the purple daisy of the Veteran Corps of the Republic, will be manufactured, according to C. T. Jennings, secretary of the executive council. Orders for people from the American Legion and the Veterans of Foreign Wars also will be delivered.

Only disabled American war veterans will be employed and the profits deposited in a general fund for the relief of veterans and dependents.

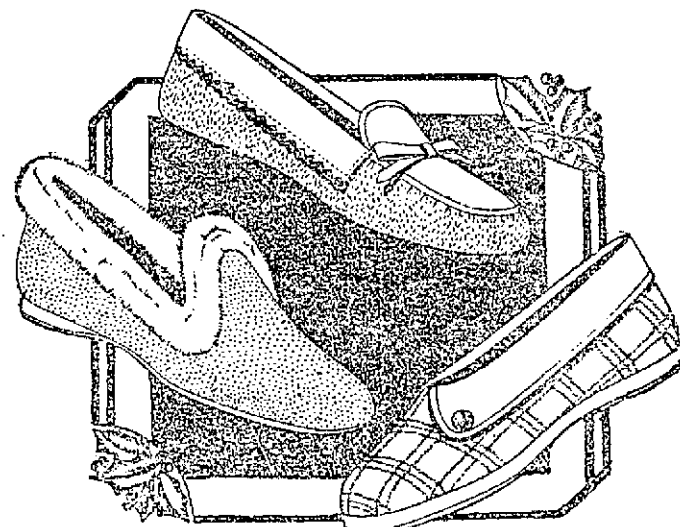

Boston, New York, Baltimore, Jacksonville, Fla., New Orleans, St. Louis, Kansas City, Butte, Mont., Seattle, and San Francisco are among the cities already selected for the shops.

ANTI-ROLLING TANKS GET TEST ON LINER

Stockholm—The efficiency of anti-rolling tanks was determined on the last trip of the Hapag line, Albert Ballin from New York to Hamburg, when the ship for the first time encountered rough seas. Scandinavian Shipping News reports that the gyroscope-pendulum indicated a rolling movement of six degrees against the horizon with the tanks in operation. When the anti-rolling device was put out of service, the steamer rolled instantly up to an angle of 16 degrees.

TRAMS AND STEAM TRAINS OPERATE OVER SAME TRACK

Fifteen Days of Trial Prove Operation of Double Trains Success

Dallas, Tex.—Operation of an electric interurban system and the regular steam railway traffic upon a single track line was pronounced successful here after 15 days of trial. The Texas Interurban Railway is co-operating with the Missouri, Kansas and Texas railroad in operating a joint line between Dallas and Denton, a college town 38 miles north of here.

The joint operation was decided when the interurban company, in fulfilling a contract with the city of Dallas, decided that Denton was the best town in the surrounding territory to include in the network of connecting electric lines. A proposition was made to the railroad company to rent its track, obviating the construction of a parallel road.

A joint dispatching system, under the supervision of the steam line company, is maintained. Each electric passenger train and each steam passenger train is considered first class, and the electric express trains third class. The electric company operates 30 passenger trains, and four express trains, while the railroad company runs four passenger trains and two freight trains.

The interurban company pays a stipulated rental monthly for the use of the track, and in addition pays a sum for the maintenance of the

right of way, and its pro-rata share of the dispatching cost. Before the inauguration of the electric system, the steam line to Denton, which was just a branch line of the "Katy," was not a paying proposition, but since the electric line has started using the track, the line has become a better paying proposition for both companies, officials said.

ELBERFELD GETS 15 NEW CHURCH BELLS

By Associated Press
Elberfeld—Fifteen new church bells on decorated wagons arrived in this town recently and were welcomed by large crowds. They were consecrated by the clergy on a public square and then, with music and great ceremonies, handed over to the various Protestant congregations of the city.

These bells are substitutes for those of the Elberfeld churches which were melted down during the war when there was a scarcity of bronze and copper for arms and ammunition in Germany.

Carrying enough poison in a hollow ring to destroy an intended victim was one of the commonest devices of crime in the middle ages.

FEAST OF LIGHTS OBSERVED BY JEWS

Hebrews Commemorate Victory of the Maccabees Over Syrian Hosts

The Feast of Dedication, sometimes called the Feast of Lights or Chanukah in Hebrew, starts this year on the evening of Dec. 21 and will be observed in a cheerful manner in all Jewish homes for a period of eight days.

The Sunday school children of Temple 2 will have services at 4:30 Sunday afternoon, Dec. 21, in the temple, continuing through tabernacles and portions the meaning of the day. This will be followed by a supper at Appleton Veterans club for children and adults. The evening will be concluded with a general good time and amusements. Mrs. L. H. Marshall is in charge of the Sunday school exercises.

Moses Mitterfoll, conductor, also is to have special services on this day. A Geseman is the Rabbi.

Chanukah commemorates the eventful triumph of the Maccabees over the hosts of Syria. This historical occurrence happened as a result of the victory of the Maccabees in their warfare against Antiochus IV, called "Epiphanes," the mad man, in the year 165 B. C. E. The Syrian tyrant had resolved on impetuous policies in which a union of all his provinces and possessions in respect to language and religious observances was to be carried out. The religion selected for the official state religion of the realm was Greek.

In commemorating this event Antiochus IV did not reckon with the stern moralists of Palestine. The idolatrous rites were treated as abominations by the Jewish people who instantly opposed their enforcement.

Coercive measures introduced by the throne to compel an outward compliance with the idolatrous practices on the part of Maccabees, a priest of Modin, a suburb of Jerusalem. Under the leadership of the aged priest and his sons of whom Judah is the most famous, the Palestinian Jews threw themselves against the powerful armies of Syria. These brave armies of Embattled farmers held the hosts of Syria at bay during four terrific years of warfare and finally succeeded in driving the invaders out of the country.

The Temple at Jerusalem which had been defiled by pagan practices was rededicated on the 25th of Kisle of the Hebrew Calendar, which corresponds to the month of December. In commemoration of the victory the feast of Chanukah is celebrated on this day.

Among the old legends recounting the miraculous intervention of Providence in behalf of Israel is the story of the preservation of a single cruse of undefiled oil found in the Temple

Cook Oysters, Felton Warns As Health Hint

The humble oyster, which isn't so humble when its price is considered, is one of the most prolific of germ sources in its uncooked state. Hence Appleton citizens are warned to cook them well if they would avoid typhoid fever. Although no cases of typhoid fever in Appleton have been reported to the city health officer, said it is wise to cook oysters before serving.

Dispatches from Chicago say that the health department of that city listed infected oysters for a large number of cases of typhoid fever among wealthy families. It was reported that there were between 25 and 30 cases there, with five of them fatal when the warning was issued that all oysters be thoroughly cooked before being eaten.

STAGE AND SCREEN

AUTOMOBILE GOES OVER CLIFF IN THRILLING PHOTOPLAY

One of the most thrilling stunts ever seen in a motion picture is that in "Discontented Husbands," the Columbia Pictures production at the New Bijou Theater today, Friday and Saturday. An automobile, with two passengers, coming at top speed along a road, hits another car, loses the road and plunges headlong over a steep cliff. Vernon Steele and Carmelita Geraghty actually did this

at the occasion of this dedication, which burned for eight days. In recognition of this, lights are kindled in the home for that period, lighting one on the first night, two on the second and so on.

No special synagogue service is held during Chanukah week but a prayer is introduced in the ritual stressing the ultimate triumph of righteousness over the tyranny of night, showing that God and the right form a victory to armies of men can ever throw.

In Jewish circles there are parties given at this time and in religious schools plays and pageants presented expressive of the glorious victory of the few and feeble over the aggression of tyrants and despots.

The joyful character of the day is always accentuated in home, synagogue and religious school and the valor of the Maccabees revered.

themselves, although the producers told them the risk was great and offered to get them "doubles" to take their places in the car while this scene was being shot. The players insisted upon going through with it themselves. It was impossible to take rehearsals, and everything had to be staged on one chance. They took it, came through successfully, and the scenes they made are one of the big high spots of an intensely interesting motion picture.

"GIRL SHY" PROVES THE VERSATILITY OF LLOYD

Variety is the spice of life and it is also the secret of success in making good in motion pictures. Many stars fall into a rut because they insist upon making the same line of pictures and using the same kinds of characterizations. They never change because they feel the public is used to seeing them in a certain type of picture.

Such is not the case, however, with Harold Lloyd, whose latest feature Pathécomedy, "Girl Shy," will be seen today Friday and Saturday at the Elite Theatre. Harold has fortunately discovered that "mixing them up a bit" is the secret of success. He has never made two comedies even remotely alike, considering his big hits, "Dr. Jack," "Safety Last," "Why Worry?" and now "Girl Shy." He has jumped from small town situations to a South American revolution, from portraying a doctor to a ribbon clerk. Now in his latest, he has again striven for something different from anything he has ever made. He is seen in "Girl Shy" in an entirely novel characterization, as a bashful small town boy who is an apprentice to his uncle, a tailor. He makes a secret study of girls, although not a very accurate one, and the more he studies them, the more he fears them.

He has tried in "Girl Shy" to present a character who will instantly win the sympathy of his audience through his humanness. A really comic story has been built around this central figure of the boy and nothing has been sacrificed to make the picture true to life in every small detail. And it is attention to detail that helps largely to make the Lloyd

Pathécomedy the big hits that they are.

"KEEP TREATING 'EM ROUGH"—THE "EM" MEANING THE LADIES

It happened a few hours after Monte Blue was informed that he would have one of the leading roles in Elinor Glyn's "How to Educate a Wife."

Director Monta Bell accepted Monte.

"Why the philosophic seriousness, Monte?"

"Oh, nothing! I'm just elaborating a system of wife education."

"Shoot, Monte."

"I think I'll formulate it in three rules," said Monte. "Here goes!":

"1. Treat 'em rough."

"2. Treat 'em rough."

"3. Keep on treating 'em rough."

Monte says he has never put his trio of rules to the test. Therefore, it may be all wrong. He thinks it fellows from the axiom that all women love to be "unconquered."

"How to Educate a Wife" is a Warner Brothers Classic of the Screen. It will be on view at Appleton Theatre Friday and Saturday of this week.

The cast consists of Marie Prevost, Monte Blue, Claude Gillingwater, Vera Lewis, Betty Francisco, Creighton Hale, Edward Earle and Nellie Bly Baker.

Despite its title, "How to Educate a Wife" does not offer a post-graduate course tending to instruct the beholder into the intricacies of conjugal felicity. Neither does it solve any of

the perplexing problems that continually arise in every household in the State of matrimony, but it does provide a merry, mirthful evening's entertainment interspersed with a little sound philosophy from a woman whose name has become a household word throughout the world.

Elinor Glyn's pungent satire and shrewd discernment have been visualized in this photoplay in such a manner that it will appeal alike to men and women of all ages and stations.

The characters are "just folks," such as we all meet every day. Their problems are our problems, and the unfolding of the story leaves the spectator with the feeling that he or she has just had a perplexing problem of their own placed before them in such a way as to show both sides of the argument at once.

LAWRENCE SWAMPS MILTON, 28 TO 10, IN OPENER

Blues Upset Dope But Show Much Room For Improvement On Floor

Jake Zussman Is Star Scorer When He Cages Five Field-goals and Six Freethrows

Lawrence upset the dope bucket Wednesday night by swamping Milton, 28 to 10, in the opening game of the basketball season here. Although the Lawrentians were far from showing last year's brilliancy, they played a fairly consistent game, working the ball up for short shots most of the time and trying very few long chances. Milton on the other hand, was unable to break through the five-man defense employed by Denney's squad, and although some of their short shots came uncomfortably close, only two of them were caged. Six of the ten points scored by the visitors were made off freethrows, the game being marred by a large number of fouls.

Zussman easily won the outstanding star of the evening. The fast Lawrence forward caged five field-goals and tallied on six freethrows. Healdman caged the ball three times from the field, Ashman twice, and Kotal and Groves each made a free throw. McNitt, Milton guard, started scoring for his side with a free throw early in the first quarter and followed it up with a perfect long shot from the middle of the floor. His added another a moment later on another free throw. The only other fieldgoal made by Milton was caged by Mabson, forward, early in the second half.

Healdman started scoring after a few minutes of play, caging the ball on the run from directly under the basket after brilliant series of passes. Healdman scored one point a moment later on his free throw.

Zussman's long shot found the basket a few seconds later, and he added two more points on two freethrows. Kotal also profited by a free throw on being fouled by McNitt, but missed his second shot. After Zussman had made two more freethrows on a foul by Mabson, Ashman shot the ball to him for a close shot, and Jake scored it. A few seconds later McNitt had made a long shot from the center of the floor.

McNitt and Burdick each made a free throw shortly after, both on fouls by Zussman. A few minutes before the end of the half Healdman was lucky with a long shot which dropped through the ring without touching. A technical foul on Ashman and a personal on Healdman gave Burdick three chances, one of which he missed. The score at the half was Lawrence 18, Milton 7.

In the second half both teams tightened their defense and for the first few minutes of play neither was able to score. The Lawrentians had the best of it, however, for they worked the ball within scoring distance several times, but missed the shot beyond the middle of the floor, and bounded out. Evidently the Blues had been warned between halves to take no more long chances, for although they repeatedly got fairly close, they did not attempt to shoot until they were directly under the basket.

Zussman caged the first fieldgoal in the half, and after Mabson had caged a long one, Jake dropped a free throw through the ring, and Healdman followed it with another shot, also from under the basket. Burdick missed a free throw after Chandler had fouled him, but Chadsey made one on Pete's foul.

Ashman got the ball on a series of short passes and dropped it in from under the ring, making the score 20 to 10. A personal foul on Kotal gave Mabson a chance, and he caged his free throw easily, but was not allowed to count as one of his mates had overstepped the line. He missed the second chance, and thereafter both Dillner and Mabson also missed free chances.

Zussman caged a free throw, Groves missed one, and Jake dropped a perfect shot through the hoop from the side of the court, followed by a long shot by Ashman with 3-1-2 minutes to go. Groves dropped a free throw through the net, and just before the game ended Zussman made a brilliant running shot, which ended the game, 28 to 10, with Lawrence in the lead.

The lineups: Milton—L. F. Mabson, Healdman, R. F. L. F. Burdick, Zussman, L. F. C. Chadsey, Ashman, C. R. G. McNitt, Kotal, R. G. L. G. Dillner, (Capt.) Burdick, L. G. Substitutions: Mathie for McNitt, Koshah for Ashman, Huthery for Zussman, Groves for Kotal. Referee—Naylor, Fond du Lac.

FLOOD WISCONSIN CAMPUS FOR PUCK CHASING SQUADS

Vacancy Left by Resignation of Coach Blodgett Soon Will Be Filled

Madison—Preparations are being made by the athletic department of the University of Wisconsin to flood the lower campus and convert a section of it into a rink for hockey playing. If the cold weather continues, it is expected that the rink will be in good condition for hockey players by January 7, the day classes will be resumed.

Little can be done before the holidays on the hockey team, primarily because of the fact that none of the lakes is frozen solidly enough to permit of safe skating and secondly because Wisconsin is without a hockey coach. The vacancy created by the resignation of Robert Blodgett, last year's mentor, will be filled before Jan. 1. T. E. Jones, director of physical education announced Thursday.

Only a tentative schedule has been arranged so far. Two games will be played with Minnesota at Minneapolis on Feb. 23 and 24, and two others will be played at Madison, the dates of which have not been fixed. Michigan, the other Big Ten conference member, is scheduled to play at the rink burned down last summer, and if the weather permits the erection of an outdoor rink, the Wolverines will be engaged for two games at Ann Arbor and two in Madison. Other preliminary matches probably will be lined up before the Redders start on their conference matches.

DIAMOND MOGULS SLAP JOHNSON IN PLEDGE TO JUDGE

All Sign Letter to Landis with Exception of St. Louis President

Chicago—Baseball Commissioner K. M. Landis has been victorious in the contest with President Ben Johnson of the American league. All presidents of American league clubs with the exception of St. Louis have joined in signing a letter to Landis demanding Johnson's removal from his position.

The news of the presidents' action was announced at a meeting of American and National league presidents here late Wednesday. In the letter which was made public at the conference, the American league presidents both condemned Johnson and pledged support to Landis. After commenting on Johnson's activities, the letter said:

"However, he has been president of our league since its inception and we ask you again to overlook his conduct and to accept from us these suggestions:

First, that his misconduct will cease or that his immediate removal from office will follow.

Second, that legislation will be adopted that will limit his activities to the internal affairs of the American league.

Third, that any and all measures which may be considered advisable to secure this will be adopted.

The letter then went on to give the three pledges of the American league.

MENTORS AGREE TO MOVE KICKOFF BACK
Ann Arbor, Mich.—Removal of the kick-off point from mid-field to the 40-yard line has been agreed upon by members of the football coaches' association, Fielding H. Yost, Michigan athletic director and chairman of the committee, said here Tuesday.

The committee is to report in New York Dec. 29 at the meeting of the coaches' association. Yost said he was opposed to any limitation of the number of forward passes a team can make during a game.

"Good teams will keep down the number of passes," he said. "There were just enough passes this season to add spice and spectacle to the contests."

A new ruling removing the privilege of running with a recovered fumble and instead giving the ball to the team on the spot where it was recovered, was suggested by Yost.

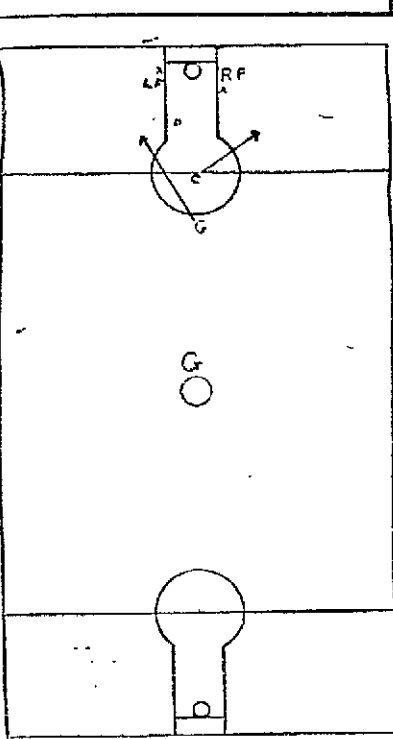

MARINETTE CASE HOPES ONLY FAIR
Marinette—The Marinette high school basketball team, winner of the sectional tournament here last year, has only fair prospects for the coming season, which opens Friday with a game with Crivitz High.

Four letters from last year's squad are back. They are Joe Kresky, Arnold Olson, George De Temple and George Dush. Kresky, who was captain and fullback on the 1924 football team, is completing his third year as member of the basketball squad. Other men who are showing promise are Harper, Burns, Karl, Grille, Pinskar, Earl De Temple and Stanley Kresky.

DEPERE MIDGETS PLAY KIMBERLY INDEPENDENTS
Kimberly—Kimberly Independents have scheduled a basketball game with the DePere Midgets for Friday evening, Dec. 19, in the clubhouse here. The Midgets last year defeated the Independents by a close score, and this year have practically the same team.

The game probably will be one of the best on the local court this year. The Midget lineup includes a Kimberly youth, Fred Van Zealand. The Independents have won every game played thus far this season. They are being coached by Jake Zussman of Lawrence college.

Illinois, Big Ten Champions
When a team on offense misses its free throw, it should be able to take advantage of the fact that the ball is already in its scoring area.

Therefore the team should be sure to get possession of the ball.

This illustrated line-up gives the best possible advantage for getting possession of the ball.

Either of the forwards may shoot for the basket if opportunity affords itself or may tip the ball diagonally out and then the center who has just missed the free throw and the guard who covers the opposite side from the center.

It is necessary for the guard to stay back of the free throw circle when the free throw is made because of the possibility of the opponent getting the ball necessitating a quick defense on the part of the two guards.

YANKS TRADE BUSH WITH TWO ROOKIES FOR URBAN SHOCKER

Trade Involves Two of Greatest Pitchers in American League

New York—The deal by which Urban Shocker, veteran St. Louis spitball pitcher, was traded Wednesday to the New York Yankees in exchange for Bullet Joe Bush and two rookie pitchers, not only ranks among the outstanding player transactions of the winter season, but involves the transfer of two of the American league's most prominent hurlers.

Along with Bush, the Yankees sent Milton Gaston, former semi-pro star, and Joseph Gird, obtained from Toledo, to the Browns. No cash was involved and according to announcement by the Yankee management.

The deal which has been hanging fire ever since the Eastern convention was consummated Wednesday in Chicago by Col. Jacob Ruppert, owner of the Yankees, and Miller Huggins, manager, with George Sisler, manager of the St. Louis club. The Yankee bid was accepted by Sisler after proposals from Washington, Chicago and Boston had been considered by the St. Louis pilot.

BRINGS YANK BACK
It brings back to the Yankee fold a pitcher, whose effectiveness especially against the Yankees, has been an important factor in keeping the St. Louis club in the running during the last five years. Shocker was a member of the New York club in 1916 and 1917, going to the Browns at the close of the 1917 season in the deal which brought Derill Pratt and Eddie Plank to the Yankees. The latter, however, quit baseball without reporting to the Yankees.

Bush, a former member of Connie Mack's Philadelphia world champions, saw service in Boston after his years with the Athletics, coming to the Yankees in 1922. He departed from Philadelphia when Mack broke up his team in the deal which sent Shong and Strunk with him to Boston. Thomas, Kopp and Gregg and a reported price of \$60,000.

VOCATIONAL FIVE BEATS KIMBERLY

Appleton Vocational school quintet Wednesday night defeated Kimberly high school, 19 to 9, on the Kimberly ambush court. Munster of the Appleton five starred both on offense and defense, playing a brilliant game throughout. Kimberly had hard luck on shooting baskets, attempting many shots which almost invariably bounded from the inside of the ring. The Vocational quintet did not play up to its usual form.

The Kimberly game was the third won by the Appleton quintet, which has lost but one this season.

Kimberly's five will play the Appleton Co-Gatters on the Y. M. C. A. court here.

MANY MILWAUKEE FANS WILL WATCH FOND DU LAC MENU

Joey Sangor and Joe Azzarella Carry Large Crowds of Rooters with Them

Milwaukee—A fast tearing, sensational boxing match is expected at Fond du Lac Thursday night when Joey Sangor and Joe Azzarella, Milwaukee two popular featherweights climb through the ropes at the Armory to settle an argument of long standing. And when they clash—Milwaukee fans who have been deprived of witnessing this match in a local ring, will be there, 300 of them having reserved tickets, according to Promoter Bronkhorst. The bout has attracted interest throughout the Fox river valley and in Milwaukee, both boys being well known and each having a host of admirers who will be on hand to see them in action.

Azzarella left for Fond du Lac Tuesday night with his manager, Hymie Lebo. Joe worked out at Fondy Wednesday night, and according to reports is in wonderful condition for the fray.

SANGOR UNDER WEIGHT
Joey Sangor left Milwaukee Wednesday night and his brother-manager Lou, will follow at noon Thursday, arriving in time for the weighing in according to Lou Sangor, Joey will tip the scales at about 125 1/2 pounds when he enters the ring. Azzarella is reported to be under the weight limit of 130 pounds.

EACH HOLD DECISION
If circumstances leading up to and surrounding the match are of any value in determining what kind of a bout it is going to be, Fond du Lac fans should see one of the most interesting scraps held there in a long time. With each boy holding a decision over the other, and Sangor anxious to wipe out any false impressions that may have been gained by his followers when he fouled Azzarella in one meeting, it is a safe bet that there will be plenty of pummeling in this encounter.

MICHIGAN MENTOR DEPLORES PLACE HELD BY SPORTS

Michigan Has no Interest in Athletic Titles, Scholar Asserts

Ann Arbor, Mich.—College sport that seeks to elevate itself to competition with professional baseball and pugilistic contests "must go," Dr. Robert C. Angell, advised the president and deans of the University of Michigan in a report on student conditions that stressed the athletic side of university life. "As a seat of learning and culture," the report said, "Michigan has no interest in winning athletic titles."

To eradicate the present conditions, Dr. Angell reports, one institution acting alone is powerless. He suggests a meeting of executives, members of governing boards and faculty representatives of all universities of the Western conference might be called to agree on a joint plan of action.

"It goes without saying," the report asserted, "that a conference called to better existing conditions would go on record as opposing any enlargement of plans designed to accommodate more spectators. It seems no more than just for a university to pay those who are engaged primarily to train the body no more than those who are engaged to train the mind. Present enormous salaries are due to competition between schools in developing championship teams and as a seat of learning and culture Michigan has no interest in winning athletic titles."

As one method of eliminating from college those who have no academic interest, Dr. Angell suggested that "a sincere attempt by the Michigan alumni to prevent alumni from sending athletically capable but intellectually pathetic men to college would help to purify the academic atmosphere."

"Remedy for the condition, he says, exists not in abolition of university sports, holding that this is 'too radical a step.'"

"The better plan," the report says, "appears to be to undertake a gradual lessening of emphasis on athletic."

VALLEY CONFERENCE MENTORS MEET HERE

Fox River Valley conference coaches and faculty representatives of every high school in the conference will convene here on Jan. 9, at which time schedules for the 1925 football season will be arranged and officials for the games appointed.

Coaches and faculty athletic enthusiasts who have identified their intention of being present at the convocation are Fruth and Elin, Fond du Lac; Stangel and Johns, Monticello; Averswald and Johnson, Marinette; McNeil and Abrahamson, Oshkosh; Ramey and Kevin, Appleton; and Wiley, East Green Bay and White, West Green Bay and Iverson and Urban, Shiocton.

Soothsayers Or Truth-Slayers—Which Do You Consult?

It's surprising what a mass of misinformation you can collect if you keep your ears open and your eyes shut.

Facts which are tossed carelessly from tongue to tongue soon cease to be facts. In word of mouth circulation they are bound to suffer injuries which destroy their truth. Do not attach too much importance to them. Remember rather that soothsayers are believing and that the printed fact—which is down for all time in black and white—is not amenable to a hundred different twists by as many different tongues.

Consult the Post-Crescent A-B-C Classified Section rather than neighborhood gossip when you want to connect with profitable opportunities to buy, sell, exchange, rent, employ or be employed. It's your faith to plain, straight-forward, unequivocal, incontrovertible facts.

The A-B-C Ads are soothsayers which will foretell a bright future for you!

Good Fellows Club

Every dollar added to what now is in makes just a dollar more for the poor kids of Appleton who are dependent upon Good Fellows for everything they have to wear and to eat. The fund for the poor is growing slowly and there will have to be a lot of our subscriptions between now and Christmas day to provide the need with just the ordinary necessities of life.

In the names printed herewith you will find Appleton's Good Fellows men, women and children who are giving from their means to help those who haven't anything. This is a worthy cause, helping the poor of our own city, and should receive not only the moral backing but the financial support of everyone in this city.

CAPACITY CROWD
SEES CHILDREN
PRESENT PLAY

Fourth Ward School Is Crowded
to Capacity for Children's
Opera

The largest crowd that has ever attended a school performance in the Fourth district school was present at the presentation of the children's opera "Santa Claus at Home," the Christmas opera which has been in preparation for several weeks under the direction of all of the teachers in the school. The doors of the seventh and eighth grade rooms were thrown open to accommodate parents and friends and even then many people had to be turned away.

The leading parts in the play were taken by Evelyn Lefkowitz, Edward Durr, Lily Refke, Bonnie Sheen, Lily Brand, Peggie Greene and Belmont Bradford. These parts were well taken. Many groups of children took the chorus parts in the performance and the songs and dances went off very well.

Dr. J. M. Baker led the audience in singing Christmas carols between the acts. The committee in charge of the entertainment includes Miss M. Rogers, general chairman, Miss Agnes Terry, Miss Dora Smith, Mrs. Margaret Schenck, Mrs. M. Kozik, Miss Pearl Fellows and Walter Fox. The whole school took part in the work of the presentation.

STATES SOON WILL VOTE ON PASSING OF "LAME DUCKS"

Senate Has Given Its Approval
to Amendment of
Constitution

BY CHARLES P. STEWART
Washington—This will not be the last "lame-duck" session of an American Congress. It takes too long to amend the constitution for that. The end of "lame-duckism" is in sight, however.

The Senate already has passed the resolution for a vote of the states to that end. The House has yet to act on it, but it probably will do so, and favorably, before next March 4. Then it will be up to the state legislatures to decide. All indications are, when they do, that it will be "thumbs down" for "lame ducks."

The theory is, at an election the people decide whether they are suited with the Congress they have not, or not.

VOTE THEIR CHOICES
If they are suited, presumably they re-elect most of the old representatives and senators. If not, suited, presumably they retire the ones they don't like and elect others in their places.

The election is held in November, but, unless there is an extra session, the new Congress does not meet until 13 months later.

In the meantime, the old Congress, which perhaps the people have repudiated, remains at the helm. That's a "lame-duck" Congress.

At the last election, 87 changes were voted, which suggests that the people are far from satisfied with the Congress they have now. Nevertheless, unless there is an extra session, they will have to make the best of it until December, 1923.

HELIC OF OLD DAYS

In the old days, when travel was on horseback, by stagecoach, or by boat, delay was unavoidable. If a new congressman, elected in the state of Washington, had to get to the city of the same name in a prairie schooner, overland, or in a sailing vessel around Cape Horn, obviously his trip was going to take him the better part of a year. But not now.

Under the new plan, proposed by Senator Norris of Nebraska and already approved by the upper house of Congress, the national lawmaking body will adjourn some time before election day in November, not to meet again until the following January, and when it does meet, it will be the new Congress, not the old one.

MILK PRICES HERE LESS THAN AVERAGE

Appleton milk consumers paid 10 cents a quart for bottled milk during November. A 10 cent rate prevailed in most of the cities, while Janesville, Kenosha and Superior paid 12 cents a quart and Green Bay, Milwaukee and Racine 11 cents a quart.
